WELCOME TO THE BIKE IT

2021 ROAD PARTS & SERVICING

CATALOGUE

This season we have separated our extensive ranges across three separate catalogues, ROAD PARTS & SERVICING, ROAD ACCESSORIES & APPAREL, and OFF ROAD.

Our commitment to you – delivering quality motorcycle accessories and excellent service.

With a history in the motorcycle industry now spanning five decades, Bike It has grown and developed into one of the UK and Europe's leading trade distribution businesses, delivering products that have established and enabled both motorcycle dealers and online retailers to flourish in this challenging industry.

Bike It's portfolio of general rider accessories and universal motorcycle products has further extended under in-house brands including ***Airblade / Armadillo / Armstrong / Biketek / GP-PRO / Mammoth / ProAir / Triple-S / Viper***. The Bike It portfolio is being used also as the selling platform by many brand partners looking for efficient and successful routes to market for their own products. In 2021 Bike It are pleased to include within our brand partnerships; ***Airoh / AP Racing / Bananaz / Battery Tender / Dainese / Dynavolt / EzGo / Foggy / GSB / Intact Batteries / Just1 / Koyo / Liqui Moly / Midland / MotoGP / NGK / NTN / ProClean / Rema TipTop / SHOT / SkyRich / Swift / Tirox / TruTension / Twiins***.

Operating from a head office and 100,000 sq.ft distribution centre in Southampton, Bike It's customer network spreads across the UK served by a committed team of Field-Account Managers and in excess of 60 sales agents across Europe.

Our revamped B2B WEBSITE www.bikeittrade.com has been specifically developed for our dealer network to simplify product selection and increase order efficiency. With more than 15,000 SKU's and 30 brands, the B2B site makes the full and latest Bike It product range easily viewable and accessible to our customers, creating a resource which dealers can use daily to quickly identify product, build baskets and submit orders efficiently.

Product categorization has been fully restructured and simplified between ***ROAD*** and ***OFFROAD*** products, also by ***SERVICING PARTS*** and ***ACCESSORIES***, making navigation around the site simpler and more effective.

Utilising the ***NUMBER PLATE LOOKUP*** and ***VEHICLE SELECTION*** functions, dealers can speedily find all products relevant to a specific motorcycle, allowing them to prepare for scheduled workshop services and repairs.

With dedicated Downloads and News & Reviews areas, our dealers can keep fully updated on new products and updates as they are released. Ask your Account Manager today for a presentation and demonstration.

CONTENTS

LUBRICANTS & CLEANERS

Oils, Additives, Transmission, Coolant, Grease, Sealants & Lubes

04 - 32

BATTERIES & CHARGERS

Adaptors, Electrolyte, Gel, Classic, AMG, HVT & Lithium ION Batteries

34 - 52

EXHAUST & ACCESSORIES

Silencers, Link Pipes, Rollers, Gaskets, Baffle Kits & Exhaust Packaging

53 - 75

SCREENS

Motorcycle Screens, Screen Bolts, Fairing Bolts & Screen Trim

76 - 84

CONTROLS

CNC Sports Levers & OEM Replacement Brake & Clutch Levers

85 - 110

CHAIN & SPROCKETS

Chains, Front & Rear Sprockets, Connecting Links,
Cam Chains & Drive Belts

112 - 141

BRAKING

Brake Pads, Solid Front & Rear Discs Plus Floating Oversized Front Discs

142 - 177

AIR & OIL FILTERS

Heavy Duty Oil Filters, Performance Air Filters, Standard Air Filters
& Scooter Air Filters

178 - 193

MISCELLANEOUS

Spark Plugs, Plug Caps, Fork & Dust Seals, Bearings, Fuel Filters,
Fuel Taps, Fuel Lines & Shock Absorbers

194 - 199

TYRES & ACCESSORIES

Tubeless Scooter & Motorcycle Tyres, Tube Type Tyres, Inner Tubes,
Rim Tapes, Wheel Weights, Tyre Valves & Valve Caps

200 - 205

BIKE ACCESSORIES

Crash Protectors, Fork Adjusters, Footpegs & Fuel Caps

206 - 215

LIGHTING

Headlights, Rear Lights, Fairing Brackets, Headlight Brackets, Bulbs,
Indicators, Relays & Resistors, Number Plate Lights

216 - 242

ELECTRICAL

Relays, Coils, Stop Switches, Light Switches, Clutch Switches,
Oil Pressure Switches, Fuses & Holders, Horns

243 - 247

MIRRORS

Universal Fairing Mirrors, Mirrors with LED Indicators,
Bolt Fitment Mirrors, OEM Replacement Mirrors, Mirror Mounts & Adaptors

248 - 269

EXCLUSIVE IN MOTOGP

Liqui Moly is the official lubricant supplier to all Moto2 and Moto3 teams. The fully-synthetic 5W40 Street-Race lubricant was selected and performance tested, consequently instructed as the exclusive oil in Moto2 and Moto3 competition and written into its scrutineering programme. Liqui Moly's reign as the series choice of oil will continue until 2022.

WORLD CHAMPIONSHIP

EXCLUSIVE LUBRICANT FOR

moto3

SPEED SHOOTER

(for increased performance). Increases acceleration Improves engine performance. Promotes optimum combustion. Residue-free combustion. For 4-stroke and 2-stroke engines. One 80ml Shooter is sufficient for 10L of fuel. Recommended use at every refuelling.

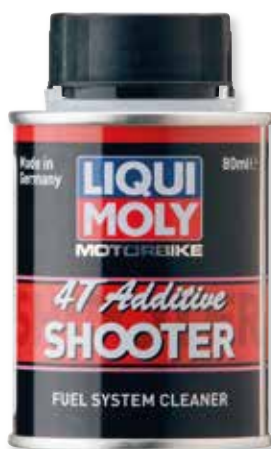

| | |
|----------------|-------------|
| Order Code | Description |
| LQM3823 | 24pcs tray |

4T SHOOTER

(for improved economy). Fuel system cleaner Optimises engine performance. Improves fuel economy. Reduces emissions. Corrosion protection. Suitable for carb and fuel injected engines. For 4-stroke engines. One 80ml Shooter is sufficient for 5-10L of fuel Recommended use at every refuelling

| | |
|----------------|-------------|
| Order Code | Description |
| LQM3824 | 24pcs tray |

ENGINE FLUSH SHOOTER

(for enhanced engine life). Oil circuit flush and clean. Restores engine performance. Thorough engine cleansing. Promotes longer engine life. Will not harm seals or gaskets. Safe for catalytic converters. For 4-stroke engines. Use between oil changes.

| | |
|----------------|-------------|
| Order Code | Description |
| LQM3028 | 24pcs tray |
| LQM1657 | 250ml |

SPEED ADDITIVE

State-of-the-art, ash-free combination of agents with acceleration-enhancing, cleaning, dispersing and material-protecting properties. The product has been formulated using state-of-the-art additive and fuel technologies in accordance with the requirements of today's engines, fuels and running conditions. Ensures increased driving enjoyment due to optimized performance. The engine starts easier and also runs smoother.

Intended use.

Added to the fuel of all 4-stroke and 2-stroke gasoline engines.

| | |
|----------------|-------------|
| Order Code | Description |
| LQM3040 | 150ml |

4T BIKE-ADDITIVE

Increases engine performance. Removes deposits in the fuel system, on valves, spark plugs and in the combustion chamber and prevents renewed formation. This also reduces fuel consumption. Protects the entire fuel system from corrosion. Prevents carburetor icing. Cat tested.

Intended use.

Add to fuel in all 4-cycle engines (carburetor and injection system). 125 ml sufficient for 15 to 20L fuel. Add every time you fill up.

| | |
|----------------|-------------|
| Order Code | Description |
| LQM1581 | 125ml |

2T BIKE-ADDITIVE

Increases engine performance. Removes deposits in the fuel system and on intake and exhaust ports and prevents new formation. Protects the entire fuel system from corrosion. Cat tested. Clean engines need less fuel and reduce emissions.

Intended use.

For all 2-cycle engines with mixed or separate lubrication. One filling with the dispenser (25 ml) is sufficient for 5L fuel or fuel mixture.

| | |
|----------------|-------------|
| Order Code | Description |
| LQM1582 | 250ml |

OIL ADDITIVE MoS2 SHOOTER

(for increased performance). Reduces friction and wear, thereby lowering oil and fuel consumption. Increases the engine's running smoothness and reduces malfunctions.

Order Code Description
LQM3444 20ml Tube

SHOOTERS PACK 24PCS TRAY

Essential countertop display of the full range of exclusive LiquiMoly SHOOTERS, including the new Oil Additive MoS2. Each pack contains six units of each Engine Flush Shooter, Speed Shooter, 4T Shooter, MoS2 Shooter (total 24pcs)

Order Code Description
LQM20406 Mixed 24pcs tray

PERFORMANCE SET (BIKE ADD+GAS STAB)

consisting of:
1 x Motorbike 4T Bike Additive
1 x Motorbike Gasoline Stabilizer

Order Code Description
LQM3034 1Litre

GASOLINE STABILIZER

Preserves and protects fuel against aging and oxidation. Prevents corrosion throughout the entire fuel system. Prevents problems from occurring when motorbikes, motor scooters, ATVs, snowmobiles and other gasoline-driven 2-stroke and 4-stroke engines are decommissioned.

Intended use.
Suitable for all 4-stroke and 2-stroke gasoline engines – especially for preventive care. Tested for turbochargers and catalytic converters.

Order Code Description
LQM3041 250ml

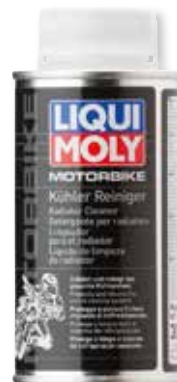

RADIATOR CLEANER

Concentrate for cleaning coolant circuits. Deposits in the cooling/heating system create blockages for heat exchange and also block thermostat valves and control mechanisms. Removes deposits containing oil and limescale. Does not contain aggressive acids or alkalis.

Intended use.
Suitable for all coolant circuits. Compatible with all conventional coolant additives and antifreezes

Order Code Description
LQM3042 150ml

RADIATOR SEALANT

Dispersion for sealing leaks in coolant circuits. The product reliably seals hairline cracks and small leaks. Can be used preventively when repair work has been carried out on the cooling system. The solids dispersion is stabilized in carrier fluid.

Intended use.
For sealing minor leaks in coolant systems with and without coolant filter. Also suitable for aluminium and plastic radiators.

Order Code Description
LQM3043 125ml

OIL 4 STROKE - FULLY SYNTH - STREET RACE - 5W-40

Fully synthetic high-performance motor oil. Ensures maximum performance and protection of the engine under all operating conditions. Optimum lubrication, outstanding engine cleanliness, excellent friction and minimum wear are just as much taken for granted as gentle clutch engagement and disengagement and gear shifting.

Intended use.

Developed for air and water-cooled 4-stroke engines exposed to normal to extreme operating conditions. Suitable for engines with or without a wet clutch.

Specifications and approvals.

ACEA A3 ; API SM ; JASO MA2

| Order Code | Description |
|------------|-------------|
| LQM2592 | 1L |
| LQM1685 | 4L |
| LQM2720 | 20L |
| LQM2593 | 60L |
| LQM2594 | 205L |

OIL 4 STROKE - FULLY SYNTH - STREET RACE - 10W-40

Fully synthetic high-performance motor oil. Ensures maximum performance and protection of the engine under all operating conditions. Optimum lubrication, outstanding engine cleanliness, excellent friction and minimum wear are just as much taken for granted as gentle clutch engagement and disengagement and gear shifting.

Intended use.

Developed for air and water-cooled 4-stroke engines exposed to normal to extreme operating conditions. Suitable for engines with or without a wet clutch.

Specifications and approvals.

API SN ; JASO MA2

| Order Code | Description |
|------------|-------------|
| LQM20753 | 1L |
| LQM20754 | 4L |
| LQM21339 | 20L |
| LQM20755 | 60L |

OIL 4 STROKE - FULLY SYNTH - STREET RACE - 10W-50

Fully synthetic high-performance motor oil. Ensures maximum performance and protection of the engine under all operating conditions. Optimum lubrication, outstanding engine cleanliness, excellent friction and minimum wear are just as much taken for granted as gentle clutch engagement and disengagement and gear shifting.

Intended use.

Developed for air and water-cooled 4-stroke engines exposed to normal to extreme operating conditions. Suitable for engines with or without a wet clutch.

Specifications and approvals.

API SL ; JASO MA2

| Order Code | Description |
|------------|-------------|
| LQM1502 | 1L |
| LQM1686 | 4L |
| LQM1567 | 20L |
| LQM1564 | 60L |
| LQM1569 | 205L |

OIL 4 STROKE - FULLY SYNTH - STREET RACE - 10W-60

Fully synthetic high-performance motor oil. Ensures maximum performance and protection of the engine under all operating conditions. Optimum lubrication, outstanding engine cleanliness, excellent friction and minimum wear are just as much taken for granted as gentle clutch engagement and disengagement and gear shifting.

Intended use.

Developed for air and water-cooled 4-stroke engines exposed to normal to extreme operating conditions. Suitable for engines with or without a wet clutch.

Specifications and approvals.

ACEA A3 ; API SM ; JASO MA2

| Order Code | Description |
|------------|-------------|
| LQM1525 | 1L |
| LQM1687 | 4L |
| LQM1527 | 20L |
| LQM2724 | 60L |

WORLD CHAMPIONSHIP

OIL 4 STROKE - SEMI SYNTH - HC STREET - 5W-40

LIQUI MOLY has developed an offshoot oil for everyday use from its oil for the Moto2 and Moto3 racing series. "The new Motorbike 4T 5W-40 HC Street offers an outstanding price-performance ratio. The new Motorbike 4T 5W-40 HC Street is the little brother of Motorbike 4T 5W-40 Street Race. The latter is the oil with which all teams in the Moto2 and Moto3 racing series ride.

Intended use.

Developed for air and water-cooled 4-stroke engines exposed to normal to extreme operating conditions. Suitable for engines with or without a wet clutch.

Specifications and approvals.

API SN ; JASO MA2

| Order Code | Description |
|------------|-------------|
| LQM20750 | 1L |
| LQM20751 | 4L |
| LQM21226 | 20L |
| LQM20752 | 60L |
| LQM21122 | 205L |

OIL 4 STROKE - SEMI SYNTH - STREET - 10W-30

High-performance motor oil based on synthetic technology. Ensures maximum performance and protection of the engine under all operating conditions. Optimum lubrication, outstanding engine cleanliness, excellent friction and minimum wear, gentle clutch engagement and disengagement and gear shifting.

Intended use.

Developed for air and water-cooled 4-stroke engines exposed to normal to extreme operating conditions. Suitable for engines with or without a wet clutch.

Specifications and approvals.

API SL ; JASO MA2

| Order Code | Description |
|------------|-------------|
| LQM2526 | 1L |
| LQM1688 | 4L |
| LQM3015 | 20L |
| LQM2531 | 60L |
| LQM2544 | 205L |

OIL 4 STROKE - SEMI SYNTH - STREET - 10W-40

High-performance motor oil based on synthetic technology. Ensures maximum performance and protection of the engine under all operating conditions. Optimum lubrication, outstanding engine cleanliness, excellent friction and minimum wear, gentle clutch engagement and disengagement and gear shifting.

Intended use.

Developed for air and water-cooled 4-stroke engines exposed to normal to extreme operating conditions. Suitable for engines with or without a wet clutch.

Specifications and approvals.

API SL ; JASO MA2

| Order Code | Description |
|------------|-------------|
| LQM1521 | 1L |
| LQM1243 | 4L |
| LQM1562 | 20L |
| LQM1563 | 60L |
| LQM1568 | 205L |

OIL 4 STROKE - SEMI SYNTH - STREET - 15W-50

High-performance motor oil based on synthetic technology. Ensures maximum performance and protection of the engine under all operating conditions. Optimum lubrication, outstanding engine cleanliness, excellent friction and minimum wear, gentle clutch engagement and disengagement and gear shifting.

Intended use.

Developed for air and water-cooled 4-stroke engines exposed to normal to extreme operating conditions. Suitable for engines with or without a wet clutch.

Specifications and approvals.

API SL ; JASO MA2

| Order Code | Description |
|------------|-------------|
| LQM2555 | 1L |
| LQM1689 | 4L |
| LQM2722 | 20L |
| LQM2565 | 60L |
| LQM2566 | 205L |

OIL 4 STROKE - STREET - 10W-40

Heavy-duty motor oil based on selected mineral oils. Ensures optimum performance and protection of the engine under all operating conditions. Reliable lubrication, optimum noise damping and low wear. Tested on engines with catalytic converters.

Intended use.

Developed for air and water-cooled 4-stroke engines exposed to normal to extreme operating conditions. Suitable for engines with or without a wet clutch.

Specifications and approvals.

API SL ; JASO MA2 L

| Order Code | Description |
|------------|-------------|
| LQM3044 | 1L |
| LQM3046 | 4L |
| LQM3047 | 20L |
| LQM3048 | 60L |
| LQM3049 | 205L |

OIL 4 STROKE - STREET - 20W-50

Heavy-duty motor oil based on selected mineral oils. Ensures optimum performance and protection of the engine under all operating conditions. Reliable lubrication, optimum noise damping and low wear. Tested on engines with catalytic converters.

Intended use.

Developed for air and water-cooled 4-stroke engines exposed to normal to extreme operating conditions. Suitable for engines with or without a wet clutch.

Specifications and approvals.

API SG ; API SJ ; API SL ; JASO MA2

| Order Code | Description |
|------------|-------------|
| LQM1500 | 1L |
| LQM1696 | 4L |
| LQM1560 | 20L |
| LQM1561 | 60L |

OIL 4 STROKE - FULLY SYNTH - HD STREET - 20W-50

Fully synthetic motor oil tailored for use in air and water-cooled four-stroke motorbike engines, especially suitable for Harley Davidsons. Selected base oils and high-quality additive components ensure optimum lubrication, outstanding engine cleanliness and excellent friction in all operating conditions.

Intended use.

For a large number of **Harley Davidson V-twin engines** which specify a synthetic motor oil of 20W-50 viscosity. Exceptionally well-suited for use with or without a wet clutch.

Specifications and approvals.

API SL ; JASO MA2

| Order Code | Description |
|------------|-------------|
| LQM3816 | 1L |
| LQM3817 | 4L |
| LQM3818 | 20L |
| LQM3819 | 60L |

OIL 4 STROKE - HD - CLASSIC - STREET - SAE 50

Single-grade motor oil. For use in classic motorcycles. Especially suitable for Harley Davidson. High wear resistance and outstanding corrosion protection. Absolute shear stability. Provides quiet engine running and long engine life. Low volatile loss and oil consumption.

Intended use.

For 4-cycle engines, **especially for Harley Davidson**. Can be mixed with all commercial motor oils.

Specifications and approvals.

API SG

| Order Code | Description |
|------------|-------------|
| LQM1572 | 1L |
| LQM1230 | 4L |

OIL 2 STROKE - FULLY SYNTH - STREET RACE

Fully synthetic high-performance motor oil. Ensures maximum performance and protection of the engine under all operating conditions. Optimum lubrication, minimum wear, low smoke emissions. Tested on racing machines.

Intended use.

Developed for 2-stroke engines exposed to normal to extreme operating conditions. Suitable for engines with separate and mixture lubrication. Mixing ratio up to 1:100 in accordance with the operating instructions.

Specifications and approvals.

API TC ; Husqvarna ; ISO L-EGD ; JASO FD

| Order Code | Description |
|------------|-------------|
| LQM1505 | 1L |
| LQM1566 | 20L |

OIL 2 STROKE - SEMI SYNTH - STREET

Partly synthetic high-performance motor oil. Ensures maximum performance and protection of the engine under all operating conditions. Optimum lubrication, outstanding engine cleanliness, excellent friction and minimum wear, low smoke emissions. Tested on engines with catalytic converters.

Intended use.

Developed for 2-stroke engines exposed to normal to extreme operating conditions. Suitable for engines with separate and mixture lubrication. Mixing ratio up to 1:50 in accordance with the operating instructions.

Specifications and approvals.

API TC ; ISO L-EGC ; JASO FC

| Order Code | Description |
|------------|-------------|
| LQM1504 | 1L |
| LQM1565 | 20L |

OIL 4 STROKE - FULLY SYNTH - SCOOTER RACE -10W-40

Fully synthetic high-performance motor oil. Ensures maximum performance and protection of the engine under all operating conditions. Optimum lubrication, minimum wear, low smoke emissions. Tested on racing machines.

Intended use.

Developed for air and water-cooled 4-stroke engines exposed to normal to extreme operating conditions. Suitable for engines with or without a wet clutch.

Specifications and approvals.

API SN Plus ; JASO MA2

| Order Code | Description |
|------------|-------------|
| LQM20826 | 1L |

OIL 4 STROKE - SEMI SYNTH - SCOOTER - 0W-30

High-performance motor oil based on synthetic technology. For maximum performance and protection of the engine under all operating conditions. Ensures optimum lubrication, outstanding engine cleanliness, excellent friction and minimum wear.

Intended use.

Specially developed for water-cooled 4-stroke engines exposed to normal or high operating conditions.

Specifications and approvals.

ACEA A5 ; ACEA B5

| Order Code | Description |
|------------|-------------|
| LQM21153 | 1L |

OIL 4 STROKE - SEMI SYNTH - HC - SCOOTER - 5W-40

High-performance motor oil based on synthetic technology. For maximum performance and protection of the engine under all operating conditions. Ensures optimum lubrication, outstanding engine cleanliness, excellent friction and minimum wear.

Intended use.

Developed for air and water-cooled 4-stroke engines exposed to normal to extreme operating conditions. For the sporty driver.

Specifications and approvals.

API SN Plus; JASO MA2

| Order Code | Description |
|------------|-------------|
| LQM20829 | 1L |
| LQM20830 | 4L |
| LQM20831 | 20L |

OIL 4 STROKE - SCOOTER MB - 10W-40

High-performance motor oil for 4-stroke scooters with a dry clutch and separately lubricated transmission. For maximum performance and outstanding engine protection under all operating conditions. Ensures reliable lubrication, optimal noise damping, and minimal wear. **The JASO MB specification denotes a particularly friction-reducing property.**

Intended use.

For air and water-cooled 4-stroke engines exposed to normal to difficult operating conditions.

Specifications and approvals.

API SN Plus; JASO MB

| Order Code | Description |
|------------|-------------|
| LQM20832 | 1L |

OIL 4 STROKE - MINERAL- SCOOTER - 10W-40

High-performance motor oil based on selected mineral oils. Ensures optimum performance and protection of the engine under all operating conditions. Reliable lubrication, optimum noise damping and low wear go without saying. Tested on engines with catalytic converters. Intended use. For air and water-cooled 4-stroke engines exposed to normal to difficult operating conditions.

Specifications and approvals.

ACEA A3 ; API SG ; API SJ

| Order Code | Description |
|------------|-------------|
| LQM1618 | 1L |

OIL 2 STROKE - FULLY SYNTH - SCOOTER STREET RACE

Fully synthetic high-performance motor oil. Ensures maximum performance and protection of the engine under all operating conditions. Optimum lubrication, minimum wear, low smoke emissions. Tested on racing machines.

Intended use.

Developed for 2-stroke engines exposed to normal to extreme operating conditions. Suitable for engines with separate and mixture lubrication. Mixing ratio up to 1:100 in accordance with the operating instructions.

Specifications and approvals.

API TC ; Husqvarna ; ISO L-EGD ; JASO FD

| Order Code | Description |
|------------|-------------|
| LQM1053 | 1L |
| LQM1054 | 20L |

OIL 2 STROKE - SEMI SYNTH - SCOOTER STREET

Partly synthetic high-performance motor oil. Ensures maximum performance and protection of the engine under all operating conditions. Optimum lubrication, outstanding engine cleanliness, excellent friction and minimum wear, low smoke emissions. Tested on engines with catalytic converters.

Intended use.

Developed for 2-stroke engines exposed to normal to extreme operating conditions. Suitable for engines with separate and mixture lubrication. Mixing ratio up to 1:50 in accordance with the operating instructions.

Specifications and approvals.

API TC ; ISO L-EGC ; JASO FC ; TISI

| Order Code | Description |
|------------|-------------|
| LQM1622 | 500ml |
| LQM1621 | 1L |

OIL 2 STROKE - MINERAL - SCOOTER STREET

Heavy-duty motor oil based on selected mineral oils. Carefully selected raw materials ensure reliability when it comes to the performance and protection of the engine.

Intended use.

Developed for 2-stroke engines exposed to normal to extreme operating conditions. Suitable for engines with separate and mixture lubrication. Mixing ratio up to 1:50 in accordance with the operating instructions.

Specifications and approvals.

API TC ; ISO L-EGB ; JASO FB

| Order Code | Description |
|------------|-------------|
| LQM1619 | 1L |
| LQM1237 | 4L |

OIL 4 STROKE - SEMI SYNTH -ATV - 5W-50

High-performance motor oil based on synthetic technology. Ensures maximum performance and protection of the engine under all operating conditions. Optimum lubrication, outstanding engine cleanliness, excellent friction and minimum wear. Tested on engines with catalytic converters.

Intended use.

Specially developed for air and water-cooled 4-stroke engines exposed to extreme loads off-road. For sporting applications. Specially developed for ATVs (All Terrain Vehicles), quads with or without a wet clutch.

Specifications and approvals.

JASO MA2 ; API SL

| Order Code | Description |
|------------|-------------|
| LQM20737 | 1L |
| LQM20738 | 4L |

OIL 4 STROKE - SEMI SYNTH -ATV - 10W-40

High-performance motor oil based on synthetic technology. Ensures maximum performance and protection of the engine under all operating conditions. Optimum lubrication, outstanding engine cleanliness, excellent friction and minimum wear. Tested on engines with catalytic converters.

Intended use.

Specially developed for air and water-cooled 4-stroke engines exposed to extreme loads off-road. For sporting applications. Specially developed for ATVs (All Terrain Vehicles), quads with or without a wet clutch.

Specifications and approvals.

JASO MA2 ; API SL

| Order Code | Description |
|------------|-------------|
| LQM3013 | 1L |
| LQM3014 | 4L |

OIL 2 STROKE - FULLY SYNTH - PRO KART

Fully synthetic high-performance oil. Specially developed for air and water-cooled two-stroke racing petrol engines in carts and quads. Suitable for separate and mixture lubrication. Self-mixing.

| | |
|----------------|-------------|
| Order Code | Description |
| LQM1635 | 1L |

GEAR OIL - FULLY SYNTH - 75W-90

High-performance high-pressure transmission oil made from high-grade synthetic base oils and additives. Complies with performance class API GL5. Has excellent wear protection properties and ideal viscosity-temperature behavior.

Specifications and approvals.
API GL5 ; MIL-L 2105 C ; MIL-L 2105 D

| | |
|----------------|-------------|
| Order Code | Description |
| LQM1516 | 500ml |
| LQM3825 | 1L |
| LQM3826 | 20L |
| LQM3827 | 60L |

GEAR OIL - FULLY SYNTH - 75W-140

High-performance high-pressure transmission oil made from high-grade synthetic base oils and additives. Complies with performance class API GL5. Has excellent wear protection properties and ideal viscosity-temperature behavior.

Specifications and approvals.
API GL5 LS

| | |
|----------------|-------------|
| Order Code | Description |
| LQM3072 | 500ml |

GEAR OIL - SEMI SYNTH - 10W-30

High-Performance high-pressure gear oil made from carefully selected base oils and multifunctional additives. The oil can therefore be used in a wide range of transmissions and drives.

Specifications and approvals.
API GL4

| | |
|----------------|-------------|
| Order Code | Description |
| LQM3087 | 1L |

GEAR OIL - MINERAL GL4 - 80W

High-Performance high-pressure gear oil made from carefully selected base oils and multifunctional additives. The oil can therefore be used in a wide range of transmissions and drives.

Specifications and approvals.
API GL4 ; MIL-L 2105

| | |
|----------------|-------------|
| Order Code | Description |
| LQM1617 | 500ml |

GEAR OIL - MINERAL - 80W-90

High-performance high-pressure gear oil made from carefully selected base oils and multipurpose additives. For universal use in all types of motorbike engine according to API classification GL 4.

Specifications and approvals.
API GL4

| | |
|----------------|-------------|
| Order Code | Description |
| LQM3821 | 1L |

GEAR OIL - FULLY SYNTH - HD 150

Special synthetic gear oil for primary drives in Harley Davidson motorbikes. Optimum lubrication in all temperature ranges. The synthetic base oil ensures optimum pressure resistance.

Intended use.

For use in primary chain drives and clutches for most Harley Davidson models between 1984 and 2010. Important: Not suitable for models with primary belt drives.

| | |
|------------|-------------|
| Order Code | Description |
| LQM3822 | 1L |

FORK OIL - 5W LIGHT

Full synthetic fork oil and shock-absorber oil. Reduces shear losses and provides sure handling performance even after long use. Prevents foam formation and seal hardening. Good corrosion and wear protection provide long service life.

Intended use.

Can be used universally in telescopic forks, shock absorbers in motorcycles, motor bicycles, mopeds and other two-wheeled vehicles.

| | |
|------------|-------------|
| Order Code | Description |
| LQM1523 | 500ml |
| LQM2716 | 1L |
| LQM1623 | 5L |
| LQM3016 | 20L |

FORK OIL - 7.5W MEDIUM/LIGHT

Has been developed for universal use. Special synthetic base oils and corresponding additives guarantee optimum drivability and damping.

Intended use.

Can be used universally in telescopic forks, shock absorbers in motorcycles, motor bicycles, mopeds and other two-wheeled vehicles.

| | |
|------------|-------------|
| Order Code | Description |
| LQM3099 | 500ml |
| LQM2719 | 1L |
| LQM3017 | 20L |

GEAR OIL - MINERAL GL4 - 80W-90 SCOOTER

High-Performance high-pressure gear oil made from carefully selected base oils and multifunctional additives. The oil can therefore be used in a wide range of transmissions and drives.

Specifications and approvals.

API GL4 ; MIL-L 2105

| LQM1680 | 150ml |

FORK OIL - 10W MEDIUM

Full synthetic fork oil and shock-absorber oil. Reduces shear losses and provides sure handling performance even after long use. Prevents foam formation and seal hardening. Good corrosion and wear protection provide long service life.

Intended use.

Can be used universally in telescopic forks, shock absorbers in motorcycles, motor bicycles, mopeds and other two-wheeled vehicles.

| | |
|------------|-------------|
| Order Code | Description |
| LQM1506 | 500ml |

| LQM3828 | 20L |

FORK OIL - 15W HEAVY

Full synthetic fork oil and shock-absorber oil. Reduces shear losses and provides sure handling performance even after long use. Prevents foam formation and seal hardening. Good corrosion and wear protection provide long service life.

Intended use.

Can be used universally in telescopic forks, shock absorbers in motorcycles, motor bicycles, mopeds and other two-wheeled vehicles.

| | |
|------------|-------------|
| Order Code | Description |
| LQM1524 | 500ml |
| LQM2717 | 1L |

SHOCK OIL - FULLY SYNTH - VS RACE

Fully synthetic shock absorber oil. Prevents the build-up of deposits and reduces friction and wear. Suppresses foaming even under the toughest operating conditions.

Intended use.

Universal use in shock absorbers on motorbikes, mopeds, motor-assisted bicycles and other two-wheelers in the racing sector.

| Order Code | Description |
|-----------------|-------------|
| LQM20972 | 1L |
| LQM20973 | 20L |

SHOCK OIL - MINERAL

Mineral shock absorber oil. Prevents the build-up of deposits and reduces friction and wear. Suppresses foaming even under the toughest operating conditions.

Intended use.

Universal use in shock absorbers on motorbikes, mopeds, motor-assisted bicycles and other two-wheelers in the racing sector.

| Order Code | Description |
|-----------------|-------------|
| LQM20960 | 1L |
| LQM20961 | 20L |

AXLE OIL - 10W-30 - ATV

High-performance high-pressure gear oil made from carefully selected base oils and multifunctional additives. The oil can therefore be used in a wide range of transmissions and drives.

Intended use.

For transmissions and final drives with and without a wet clutch.

Specifications and approvals.

API GL4

| Order Code | Description |
|----------------|-------------|
| LQM3094 | 1L |

BRAKE FLUID RACE - DOT4 BOTTLE

Synthetic brake fluid for extreme operating conditions. It contains inhibitors to prevent the corrosion of metallic brake components and to reduce oxidation at increased temperatures. The brake fluid has an excellent wet and dry boiling point, thus ensuring safe braking even after the absorption of some moisture over an extended period of use. Special additives prevent the premature build-up of vapor bubbles.

Specifications and approvals.

FMVSS 116 DOT 4 ; ISO 4925 Class 4 ; SAE J 1703 ; SAE J 1704

| Order Code | Description |
|----------------|-------------|
| LQM3679 | 250ml |

BRAKE FLUID - DOT4 BOTTLE

Synthetic brake fluid based on glycol ethers, alkyl poly glycols and glycol ether esters. It contains inhibitors to prevent the corrosion of metallic brake components and to reduce oxidation at increased temperatures. The brake fluid has a high wet and dry boiling point. Special moisture scavengers help to prevent against the formation of steam bubbles.

Intended use.

Ideally suited to use with all disk and drum brake systems, The brake fluid is also ideally suited to use in ABS brake systems.

| Order Code | Description |
|----------------|-------------|
| LQM3091 | 250ml |
| LQM3093 | 500ml |

BRAKE FLUID - DOT4 TIN

Synthetic brake fluid based on glycol ethers, alkyl poly glycols and glycol ether esters. It contains inhibitors to prevent the corrosion of metallic brake components and to reduce oxidation at increased temperatures. The brake fluid has a high wet and dry boiling point. Special moisture scavengers help to prevent against the formation of steam bubbles.

Intended use.

Ideally suited to use with all disk and drum brake systems, The brake fluid is also ideally suited to use in ABS brake systems.

| Order Code | Description |
|----------------|-------------|
| LQM3085 | 500ml |

COOLANT READY MIX - RAF12 PLUS

Ready-to-use mixture based on ethylene glycol featuring a sophisticated inhibitor package (OAT technology) developed specifically for advanced aluminium high-performance engines. The product is free from amines, nitrites, phosphates and silicate and provides superior protection against freezing, corrosion and overheating. This results in reliable vehicle operation throughout the entire year.

Intended use.

Used for all cooling systems and engines, particularly aluminum high-performance engines in passenger cars, motorcycles, commercial vehicles, agricultural machines as well as stationary engines and equipment that require cooling system protection of this quality.

| Order Code | Description |
|------------|-------------|
| LQM6924 | 1L |
| LQM8810 | 5L |
| LQM8811 | 20L |
| LQM8812 | 200L |

BRAKE FLUID SL6 - DOT4

Synthetic brake fluid based on glycol ethers and their boric acid esters. Has a high boiling point and wet boiling point.

Intended use.

Ideally suited for use in motor vehicle hydraulic brake and clutch systems for which a synthetic brake fluid is prescribed. Ideal for vehicles equipped with safety systems such as ESP/ DSC, ABS and/or ASR.

Specifications and approvals.

FMVSS 116 DOT 3 ; FMVSS 116 DOT 4 ; ISO 4925 Class 6 ; SAE J 1703 ; SAE J 1704

| Order Code | Description |
|------------|-------------|
| LQM3086 | 500ml |

BRAKE FLUID DOT5.1

Synthetic brake fluid based on glycol ethers, alkyl poly glycols and glycol ether esters. It contains inhibitors to prevent the corrosion of metallic brake components and to reduce oxidation at increased temperatures. The brake fluid has a high wet and dry boiling point. Special moisture scavengers help to prevent against the formation of steam bubbles.

Specifications and approvals.

FMVSS 116 DOT 5.1 ; FMVSS 116 DOT 4 ; FMVSS 116 DOT 3 ; ISO 4925 Class 5 ; ISO 4925 Class 4 ; ISO 4925 Class 3 ; SAE J 1704 ; SAE J 1703

| Order Code | Description |
|------------|-------------|
| LQM3092 | 250ml |

LM48 - INSTALLATION PASTE

High-performance tungsten disulfide paste for heavy-duty applications. Rubbed into bearings and slide guides, prevents running-in damage and seizing marks when pressing in pins and bearing bushes and mounting plain bearing rings. For basic lubrication and lifetime lubrication of joints and small components. Contains a synergistically active solid lubricant system with a zinc sulfide, graphite, fluorides and tungsten disulfide base. Operating temperature range: -35 °C to +450 °C

Intended use.

For assembly, repair and maintenance.

| Order Code | Description |
|------------|-------------|
| LQM3010 | 50g |

LM47 - LONG-LIFE GREASE + MOS2

High-grade special grease. The MoS2 content provides the selected base grease with outstanding lubricity and high-performance properties that normal grease simply does not have. During operation, a permanently adhering, ultra-thin molybdenum disulfide film forms at the sliding surfaces. This film retains its lubrication properties for a long time even after the grease supply completely fails. Operating temperature range: -35 °C to +450 °C

Intended use.

For assembly, repair and maintenance.

| Order Code | Description |
|------------|-------------|
| LQM3510 | 50g |

CHAIN & BRAKE CLEANER

Specially developed cleaner with selected solvent combinations for fast, easy cleaning and degreasing structural parts in the two-wheel sector.

Intended use.

For cleaning chains with and without O/X-rings on two-wheeled vehicles and quads.

| Order Code | Description |
|----------------|-------------|
| LQM1602 | 500ml |

CHAIN LUBE

Fully synthetic chain grease. Extremely adhesive and water resistant. Excellent creeping and lubrication behavior. Especially suitable for high-speed chains. Reduces chain elongation and provides long chain service life. Optimal effectiveness only with unmixed use.

Intended use.

Initial and maintenance lubrication of power train chains. For highly-stressed and high-speed chains with and without O-rings.

| Order Code | Description |
|----------------|-------------|
| LQM1508 | 250ml |

CHAIN LUBE WHITE

White, full synthetic special grease. For optimal lubrication through visible application on the chain. Cold, heat and spray resistant. Reduces chain elongation and extends the service life of the chain. **The 50ml can can be refilled with the 400ml can.**

Intended use.

For cleaning chains with and without O/X-rings on two-wheeled vehicles and quads.

| Order Code | Description |
|----------------|-------------|
| LQM1592 | 50ml |
| LQM1591 | 400ml |

GLOSS SPRAY WAX

Wax with good cleaning action and outstanding luster. Slight road dirt and greasy soiling are easily and quickly removed without causing scratching. The super-easy polishing (like wiping off dust) produces a smooth finish with high gloss and very good color depth on all paints and dye types.

Intended use.

For outstanding paintwork care for intermediate use. Optimum sealing properties for paint surfaces to protect against the weather.

| Order Code | Description |
|----------------|-------------|
| LQM3039 | 400ml |

MULTI-SPRAY

Lubricates, loosens rust, protects and maintains the motorcycle. Keeps movable parts like Bowden cables permanently free. Loosens stubborn, rusted-in screws. Protects the entire electrical system. Prevents squeaking noises. Protects against corrosion and maintains rubber parts. With outstanding creep properties.

Intended use.

The outstanding and versatile attributes provide a wide range of applications in the workshop, in motor vehicles and in the two-wheeled sector.

| Order Code | Description |
|----------------|-------------|
| LQM1513 | 200ml |

BIKE WASH CLEANER

Cleaning fluid which has been specially developed for motorbikes and bicycles and is free of environmentally harmful solvents.

Intended use.

For cleaning motorbikes, bicycles and scooters etc.

| Order Code | Description |
|----------------|-------------|
| LQM1509 | 1L |
| LQM3037 | 5L |
| LQM3038 | 20L |

FOAM FILTER OIL

Special oil for wetting foam air filters. Thanks to the outstanding adhesive properties of the liquid, sand and dust are reliably trapped in the filter, preventing greater wear on the engine. Water-repellent effect. Does not resinify or foam.

Intended use.

Suitable for use on all two-stroke and four-stroke motorbikes using foam air filters.

| Order Code | Description |
|----------------|-------------|
| LQM1625 | 500ml |
| LQM3096 | 1L |

FOAM FILTER SPRAY

Specially developed aerosol for wetting foam and fabric air filters. Guarantees an optimum air flow and thereby maximum engine performance.

Intended use.

Suitable for use on all two-stroke and four-stroke motorbikes with air or water-cooled engines using foam air filters.

| Order Code | Description |
|----------------|-------------|
| LQM1604 | 400ml |

FOAM FILTER CLEANER

Specially formulated water-miscible air filter cleaning concentrate. Offers outstanding cleaning properties, has high capacity and is economical to use. Gently detaches dust, oil and grease without damaging the foam pores. Solvent-free and biodegradable.

Intended use.

Suitable for all standard foam air filters in 2 and 4-wheel vehicles. **1L bottle will make 6L to 11L**

| Order Code | Description |
|----------------|-------------|
| LQM1299 | 1L |

TIRE INFLATOR AND SEALER

Seals flat tires and pumps them back up. After a repair. For all tire types with and without tubes. Do not use if the tube is torn or if the tire has slipped off the rim or if the outer cover has a lateral tear! **IMPORTANT:** Tire pressure monitoring systems in tires can be destroyed by the solvents contained in the product.

Intended use.

For all tire sizes with and without tubes for initial aid and roadside assistance.

| Order Code | Description |
|----------------|-------------|
| LQM1579 | 300ml |

VISOR CLEANER

Maintains and cleans helmets and visors. Active anti-misting for glass and plastic visors. With long-term effect. Removes dirt, insects, oil and silicon films. Provides clear vision and safety.

Intended use.

Especially to clean, maintain and antimist glass and plastic visors.

| Order Code | Description |
|----------------|-------------|
| LQM1571 | 100ml |

VISOR CLEANER CLOTH SET 12PCS

High-quality care cloth set. Preserves and cleans helmets and visors. Removes dirt and insects. Clears the view and enhances safety.

Intended use.

Specially developed for cleaning and maintaining plastic visors. Also suitable for Pinlock visors.

| Order Code | Description |
|-----------------|-------------|
| LQM20947 | 12pcs set |

HELMET INTERIOR CLEANER

Cleans gently and thoroughly. Removes bacteria and provides a pleasant, fresh scent. The protective film prevents dirt from accumulating quickly.

Intended use.

Gentle and thorough cleaning of helmets, helmet upholstery, visors, trims, etc.

| Order Code | Description |
|----------------|-------------|
| LQM1603 | 300ml |

LIQUIMOLY MANUAL PUMP DISPENSER + DRAIN COCK

Manual pump dispenser. For 60L and 205L drums. Plastic hand pump for drums with polypropylene telescope immersion pipe. Adjustable from 480 to 950 mm.

Drain cock. Suitable for all LIQUI MOLY canisters in 20 liter container size with ventilation and thread DIN 61. Drain cock without ventilation.

| Order Code | Description |
|----------------|-------------|
| LQM7932 | 60L / 205L |
| LQM7924 | 20L |

LQM7924

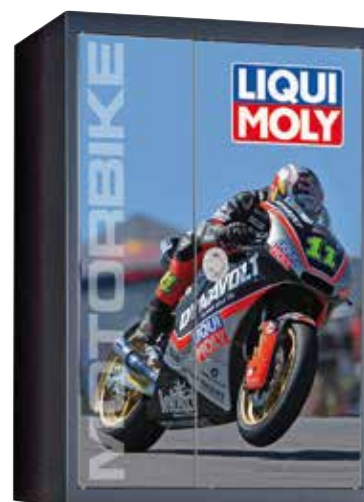

LQM7932

PROFESSIONAL LUBRICANTS CABINET

Specially developed storage cabinet for 20L and 1L LiquiMoly containers. Robust design in powder-coated sheet steel. Ready for wall-mounting. Safekeeping of LiquiMoly motor and transmission oils. Ensures tidiness and cleanliness in the workshop. Inbuilt oil drip tray and document compartment for technical information sheets. Cabinet can hold 3 x 20L canisters, 3 x 1L oil canisters 20L canisters lay flat to enable pouring from dispensing nozzle. Lockable door.

Cabinet dimensions 950x630x540mm (HxWxD)

Order Code: **LQM7990**

LEATHER SUIT CARE

High-grade care emulsion for treating all smooth leather. Refreshes the colour, protects and maintains the leather. The treated surfaces are given a satin matt gloss with impregnating effect.

Intended use.

For leather surfaces made of smooth leather such as seats, saddle bags, leather riding suits, etc.

| Order Code | Description |
|----------------|-------------|
| LQM1601 | 250ml |

FLOORSTANDING RETAIL STANDS

Self-assembly retail display, features 4 shelves to showcase LiquiMoly lubricants and additives. Full printed headers and side sections available separately. Made from durable plastic.

160x60x40 (HxWxH)

Order Code Description
LQMPOS04 4 Shelved Stand

Self-assembly retail display, features 3 shelves to showcase LiquiMoly additives. Full printed headers and base. Made from durable plastic.

Order Code Description
LQM9901 3 Shelved Stand

Floorstanding Retail Stands. Self-assembly retail display to showcase LiquiMoly lubricants and additives. Available in 65cm and 125cm widths

Order Code Description
LQMPOS03 65cm Width
LQMPOS01 125cm Width

OIL GUIDE APPLICATION CATALOGUE

Fully comprehensive introduction of the LiquiMoly ranges complete with product application by motorcycle listing

Order Code: **LQM8769**

OIL CHANGE REMINDER STICKER - 5PCS

Simple and effective vehicle sticker for logging oil change date

Order Code: **LQM50851**

PREMIUM DETAILER

Designed specifically for motorcycle paintwork and plastics
Water based quick detailer providing a deep colour and shine
Non-streaking formulation
The perfect finishing quick detailer to set your bike off
Protects and reduces future dirt build up

Order Code: **TRU025**

SNOW FOAM 1 LITRE

A thick foam specifically designed for motorcycles
Designed for use with pressure washer lances
Banana infused fragrance
Loosens off road dirt and road grime safely
Wax friendly and suitable for regular use

Order Code: **TRU028**

TUNGSTEN PREMIUM CHAIN WAX 500ML

Designed for off road/ MX, high mileage and commuting bikes
Tungsten is a supremely slippery compound which reduces friction
World first Tungsten formulation for superior performance
Dual viscosity formulation for immediate penetration and hard setting
Higher temperature range to significantly reduce fling
Wax based formulation and a fresh banana fragrance

Order Code: **TRU026**

TUNGSTEN PREMIUM DRY CHAIN LUBE 500ML

Designed for road and high-performance bikes
Tungsten is a supremely slippery compound which reduces friction
World first Tungsten formulation for premium performance
Dual viscosity formulation for immediate penetration and hard setting
Higher temperature range to significantly reduce fling
Transparent so no mess & a fresh banana fragrance

Order Code: **TRU027**

CHAIN LUBE 500ML

Our BananaSlip Chain Lube has been specifically formulated to perform exceptionally well under intense use in all weather conditions, while providing long lasting protection.

Upon application it penetrates deep into all parts of the chain to give optimum coverage.

Order Code: **TRU003**

CHAIN WAX 500ML

BananaSlip anti-fling PTFE Chain Wax is perfect for motorcycle and motorsport chains that will experience prolonged cycles and high impact environmental conditions.

Our unique formulation penetrates deep into the links of the chain before drying externally to leave a protective layer against water and dirt.

Order Code: **TRU004**

CHAIN CLEANER 500ML

PrimeShine Chain Cleaner is perfectly formulated to lift tough, built up dirt and grime from your chain.

Perfect for removing grease and oil, it leaves your chain looking new again while protecting against contaminants and corrosion. Suitable for standard O, X and Z-Ring chains

Order Code: **TRU006**

TT78 MULTI-USE SPRAY 500ML

The ultimate cleaning and lubricating spray for motorcycles. TT78 is the all in one spray explicitly designed to clean and protect motorcycle parts while leaving a high gloss finish. TT78 is perfect for cleaning and lubricating nearly all parts of the motorcycle while providing a moisture repellent and rust preventative layer..

Order Code: **TRU007**

BRAKE CLEANER 500ML

Our specially formulated Brake Cleaner is designed to rapidly remove dirt, dust, carbon and oil build up on all braking components, leaving you with the optimum braking performance for your motorcycle. Its quick dry action allows you just enough time to wipe away any residual dirt for prime stopping power.

Order Code: **TRU008**

CARB CLEANER 500ML

PrimeShine Carb Cleaner has been perfectly designed to penetrate all parts of the carburetor or injector to quickly and efficiently remove grime and contaminants.

Order Code: **TRU009**

BODYWORK FOAM CLEANER 500ML

PrimeShine Bodywork Foam Cleaner has been developed by Tru-Tension for quick and easy cleaning, leaving a polished shimmering shine. Our all in one instant action foam cleaner soaks into the dirt, lifting it away, and with added polish it's a one-step deep cleaner.

Order Code: **TRU005**

MUCK MONKEY - CHAIN BRUSH

PrimeShine Bodywork Foam Cleaner has been developed by Tru-Tension for quick and easy cleaning, leaving a polished shimmering shine. Our all in one instant action foam cleaner soaks into the dirt, lifting it away, and with added polish it's a one-step deep cleaner.

Order Code: **TRU010**

MONKEY JUICE GEL BIKE CLEANER

Using 'MicroFoam Technology' Monkey Juice Gel is a bike cleaner like no other. This specifically formulated degreaser is designed to instantly lift and remove stubborn dirt and grime generated from riding. Our applied MicroFoam science uses microscopic foam generated by our industry leading formulation to quickly and effortlessly remove dirt in all conditions.

ULTIMATE CHAIN CARE BUNDLE

Perfect equipment to clean, set and maintain your motorcycle's drive chain. The Chain Monkey bundle gives you the perfect equipment to clean, set and maintain your motorcycle's drive chain. Remove all the existing dirt, grease and grime before precisely setting and lubricating your chain to provide long lasting protection and increased life of moving components. PrimeShine Chain Cleaner and Muck Monkey are perfectly couple to breakdown and remove dirt build up to leave your chain looking like new, ready for a fresh application of lubricant. Use the Chain Monkey to precisely set your motorcycles chain to not only save time, but eliminate the need for countless adjustments and measurements. Perfect for all road and off-road motorcycles and designed to fit all chain sizes. BananaSlip Chain Lube is the perfect choice to provide long lasting chain lubrication with enhanced performance and a fresh banana fragrance. Choose the perfect lubricant for your riding style to ensure enduring protection and weather resistance.

- Perfect equipment to clean, set and maintain drive chains
- Remove all existing dirt, grease and grime
- Precisely set the chain for optimum performance
- Lubricate the chain for long lasting protection and increased component life

Order Code: **TRU014**

CHAIN CLEAN & LUBE BUNDLE

Perfect equipment to clean, set and maintain your motorcycle's drive chain. The Chain Clean & Lube Bundle provides you with the perfect equipment to clean and maintain your motorcycle's drive chain. Removing all the existing dirt, grease and grime before effectively lubricating your chain to provide long lasting protection and increased chain life. PrimeShine Chain Cleaner and Muck Monkey are perfectly coupled to breakdown and remove dirt build up to leave your chain looking like new, ready for a fresh application of lubricant. BananaSlip Chain Lube is the perfect choice to provide long lasting chain lubrication with enhanced performance and a fresh banana fragrance.

- Perfect equipment to clean, set and maintain drive chains
- Remove all existing dirt, grease and grime
- Lubricate the chain for long lasting protection and increased component life

Order Code: **TRU012**

MOTORCYCLE WHEEL ROLLER

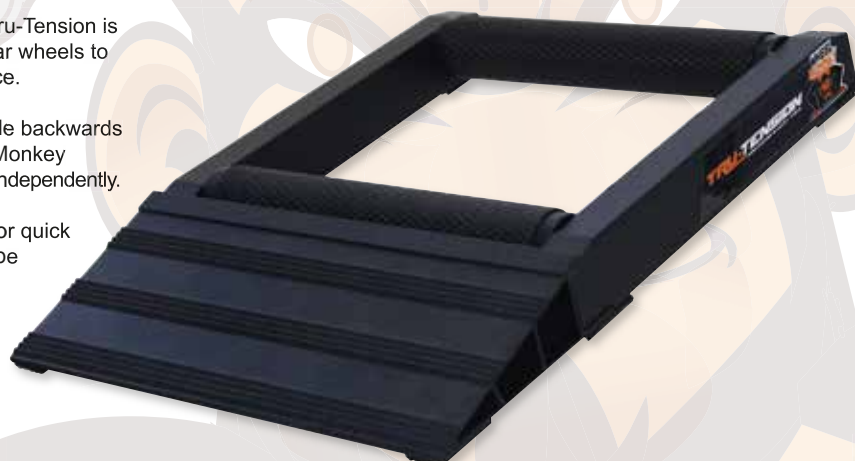

For easy cleaning and maintenance. Wheel Monkey by Tru-Tension is a roller stand for motorcycles which allows the front or rear wheels to be quickly and easily rotated for cleaning and maintenance.

Gone are the days of continuously moving your motorcycle backwards and forwards while cleaning the chain or wheels, Wheel Monkey allows you to keep your bike stationary and rotate the wheel independently.

The Wheel Monkey includes a non-slip base and rollers for quick and easy use. In addition to this, the Wheel Monkey can be used on all motorcycle makes up to 226kg.

- Quick and easy to use
- Perfect for wheel/chain cleaning and maintenance
- Perfect for use in tight spaces
- Compact and lightweight

Order Code: **TRU011**

PRO CLEAN

Pro Clean Bike Wash is a unique blend of fully biodegradable chemicals and detergents designed to clean every part of the exterior of your motorcycle. The intelligent chemical formulation releases the correct level of cleaning agents to ensure perfect results every time, whether on a mud covered off road bike or the precious metal and carbon fibre components used on road & race machinery. Pro Clean contains no harmful ingredients and is environmentally friendly. Green in more ways than one!

| Order Code | Description |
|------------|-------------|
| PCNPCL1 | 1 Litre |
| PCNPCL5 | 5 Litre |
| PCNPCL25 | 25 Litre |

PRO TECTION

Pro Clean Pro-Tection is a completely unique and revolutionary water based corrosion inhibitor. Pro-Tection can be sprayed safely over any surface, and once dry, leaves a micro – thin transparent resistant coating on the treated surface. This coating protects against road salt, rust and the corrosive attacks that the elements can produce. Pro Clean Pro-Tection DOES NOT affect brake discs or other brake components, contains no harmful chemicals and is environmentally friendly.

| Order Code | Description |
|------------|-------------|
| PCNPTN1 | 1 Litre |
| PCNPTN5 | 5 Litre |

PRO CARE

Pro Clean Pro Care is liquid protection for your motorcycle. Pro Care uses a blend of lubricants and low evaporation penetrating oils which are designed to disperse moisture from places where rust and corrosion may occur leaving a protective layer on all the exterior components. Using Pro Clean Pro Care after washing your motorcycle will leave a defensive shield that not only works as a corrosion inhibitor but also helps prevent dirt adhesion. Must not be used on braking surfaces.

| Order Code | Description |
|------------|-------------|

| PCNFFT5 | 5 Litre |

PRO FILTER CLEANING KIT

Filter kit includes everything you need to clean and prepare foam air filters. Kit contains: 5 ltr Pro Filter cleaner, dirt catching tray, filter prep bucket, heavy duty nitrile gloves all contained in a 20 ltr cleaning bucket.

Foam filter cleaning kit.

Order Code: PCNFK1

CHAIN LUBE

This high performance chain lube is a scientifically developed lubricant designed for all open chains. The formulation of the lubricant allows for the penetration of the inner roller area and prevents throw-off at high speed. Clear polymer chain lube protects against corrosion, reduces power loss and is proven to prolong chain and sprocket life.

Clear Polymer Chain Lube.

| | |
|------------------|----------------|
| Order Code | Description |
| PCNCLA400 | Aerosol, 400ml |

ANTI-FLING CHAIN LUBE

This high performance chain lube is a scientifically designed for all Open chains as well as O and X ring plus the latest Z ring chains. The formulation of the lubricant allows for the penetration of the inner roller area and prevents throw-off at high speed. Clear polymer chain lube protects against corrosion, reduces power loss and is proven to prolong chain and sprocket life.

High power chain lube.

| | |

| PCNGT400 | Aerosol, 400ml |

RED RUBBER GREASE

Pro Clean Red Rubber Grease is a high quality, vegetable oil based and biodegradable grease which is designed to be compatible with synthetic and natural rubber. Pro Clean Red Rubber Grease is an excellent lubricant between rubber components and metal, which will not cause undue swelling or cracking. In addition to this, the grease is also resistant to hydrocarbon liquids such as petrol and diesel, making it a great addition to any workshop.

| | |
|----------------|-------------|
| Order Code | Description |
| PCNK765 | 500g |

ANTI SEIZE COPPER GREASE

Pro Clean Anti Seize Copper grease prevents seizure to joints and threads. The high quality mineral oils, graphite and copper powder used in this lead free compound, lets the grease to work even when the joint has been highly compressed. By the fine copper particles staying in the threads they prevent seizures and allow easy dismantling/assembly. Furthermore, the grease also provides highly effective anti-seize in wet conditions including winter salting and has an impressive working temperature range of between -30 to 1100 degrees centigrade.

| | |
|-----------------|-------------|
| Order Code | Description |
| PCNK3835 | 500g |

PIPE GEL

The Pro Clean Pipe Gel has been specially designed to remove rust and corrosion from exhaust pipes - making sanding a distant memory. Simply brush on and the gel goes to work straight away dissolving rust and corrosion ready to be wiped off. After vast testing at the Pro Clean workshop, the use of citric acids in the unique formulation proved to be highly beneficial when it came to removing oxidation effects.

| | |
|-----------------|-------------|
| Order Code | Description |
| PCNPG250 | 250ml |

SUPER LUBE

This superior grade maintenance spray is a heavy duty multi purpose spray designed to displace and repel moisture from moving parts and electrical apparatus helps protect against rust and corrosion lubricates and releases seized metal components. Superlube leaves a light protective lubricant film on surfaces ensuring prolonged anti moisture protection.

| | |
|------------------|----------------|
| Order Code | Description |
| PCNSLA400 | Aerosol, 400ml |

TYRE PASTE

Pro Clean Tyre Paste is easily applied, and the fast drying formula will not freeze or harden which keeps the tyre rubber supple assuring permanent sealing between the rim and tyre bead. Pro Clean Tyre Paste can be used with all types of rims and tyres, and also helps to reduce wear and tear on tyre changing equipment.

| | |
|-----------------|-------------|
| Order Code | Description |
| PCNTP5 | 5kg White |
| PCNTP5BK | 5kg Black |

TYRE LUBE

This revolutionary tyre fitting gel takes all the effort out of fitting a tyre. Tyre Lube leaves no unsightly paste stains and the tyre slips on quickly and easily. The unique quick drying, non-corrosive formulation is perfectly safe on all types of tyres and rims.

Non-residue, low friction tyre fitting lube.
Tyre lube.....tyre fitting with ease...

| PCNTL25WS | 2.5 Litre |

NUTLOCK & SEAL

Pro Clean nutlock and seal 50ml. Medium strength for direct application onto received parts where an oily film exists. For best results remove thick deposits of grease or dirt before application. Maximum operating temperature -53C +150C. Full cure speed 24hours.

Order Code
PCNPCNL50

Description
50ml

SUPERGLUE

Pro Clean superglue 20g. Bonds metal, plastic, wood, ceramics, rubber, leather, card, glass etc. Medium strength. Store between 10C-22C. Softening point 130C.

Order Code
PCNPCSG20

Description
20g

INSTANT GASKET ORANGE

Pro Clean instant gasket orange 50ml. Instant gasket forms in-situ replacing paper & cork. Low pressure (6Bar) resists up to 350 Bar. Use on gear boxes, pumps, housings, bearing gaps, sump assemblies, crank cases, transmissions etc. Cure speed 15-30 mins.

Order Code
PCNPCGA50

Description
50ml

PRO PAINT SATIN BLACK

Pro Clean pro paint professional, provides high quality and professional spray paints supplied in CFC free aerosol cans. Using a 360-degree nozzle helps to ensure regular spray.

Order Code
PCNPPSB500

Description
500ml

PRO PAINT GLOSS BLACK

Pro Clean pro paint professional, provides high quality and professional spray paints supplied in CFC free aerosol cans. Using a 360-degree nozzle helps to ensure regular spray.

Order Code
PCNPPGB

Description
500ml

PRO PAINT GLOSS WHITE

Pro Clean pro paint professional, provides high quality and professional spray paints supplied in CFC free aerosol cans. Using a 360-degree nozzle helps to ensure regular spray.

PCNPPGW500

Description
500ml

GRIP LOCK

Using Grip Lock couldn't be easier. Simply hold the can approximately 50mm from the neck of the grip and apply one short burst, slide the grip onto bars and adjust into position. The grip is locked in just a few minutes making the task of changing grips not only clean, but easy.

Order Code Description
PCNGLA070 70 ml

SUPER POLISH

Super Polish is a rich non abrasive silicone free polish designed to work on all surfaces including plastic, paintwork and aluminium leaving a superb gloss finish. Simply apply to a small area at a time with a dry lint free cloth and buff to brilliant shine.

Order Code Description
PCNSP500 500ml

HAND SCRUB

Pro Clean Hand Scrub is specially formulated to clean your hands after working either in the workshop or at the racetrack. Containing Polymer beads and sanitizes its perfect for removing dirt and grime and also includes moisturizers to leave your hands protected.

Order Code Description
PCNHS500 500ml

PRO PAINT GREY PRIMER

Pro Clean pro paint professional, provides high quality and professional spray paints supplied in CFC free aerosol cans. Using a 360-degree nozzle helps to ensure regular spray.

Order Code Description
PCNPPGP500 500ml

PRO PAINT VHT

Pro Clean pro paint professional, provides high quality and professional spray paints supplied in CFC free aerosol cans. (VHT, specifically designed for exhaust use).

Order Code Description
PCNPPVHT500 500ml

MEGA SPRAY

Mega Spray is an extending trigger for the 5Ltr containers allowing the user to simply carry and spray.

SKYRICH LITHIUM ION BATTERIES

The latest in motorcycle battery technology - Skyrich Lithium Ion Phosphate (LiFePO₄) batteries are smaller size and lighter weight than conventional motorcycle batteries, packing a whole lot of power for a pocket-sized dynamo. Manufactured with patented technology they offer a direct, small and lightweight, equivalent to traditional lead acid motorcycle batteries. Lithium batteries are available as upgrade replacements for most lead-acid, maintenance-free, SLA and GEL batteries.

Skyrich Lithium batteries are manufactured with cells containing positive plates (LiFePO₄) and negative plates (Graphite), isolated from each other by PP separators with organic solvents used as electrolyte, then completely sealed inside an aluminium-plastic pocket.

Skyrich Batteries are official OEM suppliers to many motorcycle manufacturers including Ducati, MV Agusta, Aprilia, Kawasaki, KTM, Husqvarna, Beta, Sherco, GasGas and CCM.

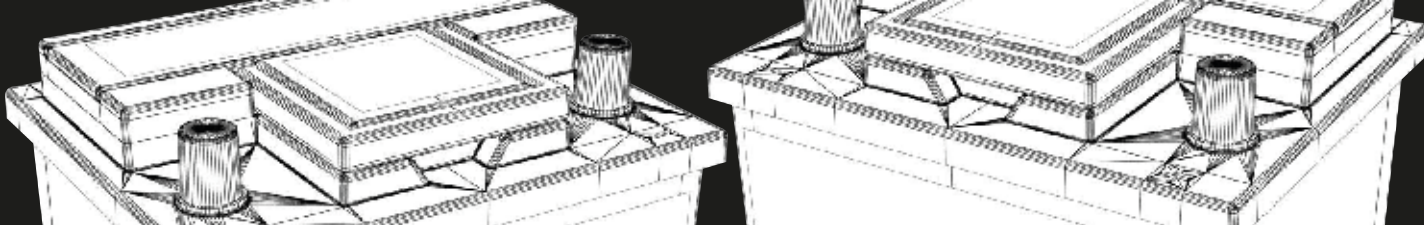

SKYRICH BATTERIES ARE OFFICIAL OEM SUPPLIERS FOR

LITHIUM ION BATTERY ADVANTAGES

- **ULTRA-LIGHTWEIGHT** - weighs just 1/3 of equivalent lead-acid battery
- **SUPER CRANKING POWER** - cranking current greater than 4 times a lead acid battery
- **FAST RECHARGE** - premium charge acceptance 90% within 6 minutes
- **ENVIRONMENTALLY FRIENDLY** - contains no heavy metals such as lead, cadmium or mercury
- **NON-SPILLING** - contains no acid
- **EXCELLENT CYCLE LIFE** - 2000+ charging cycles for longevity
- **READY TO INSTALL** - requires no commissioning
- **VERSATILE MOUNTING** - can be installed in any position

INTACT BIKE-POWER

IntAct Bike-Power, a German motorcycle battery brand, is available in a complete range of starter batteries in series Classic, AGM, SLA, GEL and HVT suitable for motorcycles & scooters.

For bike fitment use the PartsFinder online at www.bikeittrade.com

CLASSIC

Flooded lead-acid battery

Powerful and sustainable.

A solid battery with no frills that delivers high start power, achieves a long service life with regular maintenance and has excellent recycling properties.

Features: >> Solid Battery with no frills | >> Achieves a long service life with regular maintenance | >> Excellent Recycling Properties | >> Central Degassing | >> Dry-Charged | >> Acid Packs Included

AGM

Sealed AGM battery electrolyte held in absorbent glass mat separators

Cost-effective all-rounder.

Withstands the charge cycles slightly better than conventional flooded batteries during seasonal use and over many short distances, and also starts reliably when not fully charged.

Features: >> High power reserve. Significant start-up power when partially discharged | >> Shake-proof. The plates are firmly embedded in the glass fibre mat | >> Maintenance-free after initial filling. Refilling is then no longer possible and not necessary, because the firmly sealed battery loses virtually no liquid due to gas recombination | >> Leak-proof. Mountable in tilted position (45°). Acid held in glass fibre separators | >> Dry-Charged | >> Acid Packs Included

SLA

Sealed AGM battery electrolyte held in absorbent glass mat separators

Ready-to-use all-rounder.

Withstands the charge cycles slightly better than conventional flooded batteries during seasonal use and over many short distances, and also starts reliably when not fully charged.

Features: >> High power reserve. Significant start-up power when partially discharged | >> Shake-proof. The plates are firmly embedded in the glass fibre mat | >> Completely maintenance-free. Totally sealed | >> Leak-proof. Mountable in tilted position (90°). Acid held in glass fibre separators | >> Filled and charged. Ready for immediate use

GEL

Sealed GEL battery electrolyte immobilized by gel-additive

For numerous sources of electrical power drain.

Provides 30% more start power for modern motorcycles with many sources of electrical power drain, and covers peak consumption. Low self-discharge, bike starts reliably even after up to 3 months.

Features: >> Low self-discharge for seasonal use | >> Even more cycle-resistant than AGM or SLA of the same box size | >> Excellent vibration resistance | >> 30% more starting performance than classic battery of the same box size | >> Completely maintenance-free. Sealed block battery, with which refilling is neither possible nor necessary | >> Filled and charged. Ready for immediate use

The **LIQUI MOLY intAct GP** team is entering its eighth season in one of the toughest series in motorcycle racing, the **Moto2™** World Championship. In the middle class of the world championship, the team has grown in recent years to become a respected part of the **MotoGP™** motorcycle world championship.

HVT

Sealed AGM battery electrolyte held in absorbent glass mat separators

Extremely vibration resistant design.

For difficult terrains and excessive engine vibrations. The durable energy bundle absorbs the strongest shocks from Harleys and other big displacement bikes, and also launches two-wheelers with a high demand for electrical energy (e.g. with ABS).

Features: >> Perfect for Harley Davidsons and other motorcycles with high capacity 2-cylinder engines | >> Highest cold cranking amps. For two-wheelers with high power demands, e.g. involving ABS safety technology | >> Extremely vibration-resistant. Plate packs compressed and precisely fitted in the battery box | >> Robust housing made of impact-resistant plastic. For heavy mechanical stress | >> Leak-proof. Mountable in tilted position (90°). Acid held in glass fibre separators

CLASSIC

Flooded lead-acid battery (with acid pack)

CONVENTIONAL SEALED ACTIVATED

Dynavolt factory-activated sealed batteries are supplied pre-charged and require no acid-filling to commission.
This range is targeted as direct standard replacement for OE batterie fitted to the majority of the latest motorcycles.

MAINTENANCE FREE (WITH ACID PACK)

Valve regulated lead acid batteries once activated, are totally sealed. This eliminates spills and leakages, making them particularly suitable for motorcycles, ATVs and personal watercraft. Each battery is supplied with an easy-fill acid pack for activation, no further maintenance or topping up is required. Robust and vibration resistant, maintenance free batteries last up to three times longer than conventional batteries.

Dynavolt is an established and globally recognised OEM motorcycle battery manufacturer, the batteries are also the approved after sales battery to several top Japanese and European motorcycle manufacturers. Bike It customers can now benefit from this select range with the reassurance of an OEM product, superior build quality and guaranteed performance.

DYNAVOLT
power your life

HIGH PERFORMANCE DRY CHARGE

20-30% more starting power than conventional batteries, more plates per cell give higher cranking performance. Extra power for machines with additional electrical components or high compression engines.

GEL NANOTECHNOLOGY

Dynavolt offer an advanced range of sealed activated models (MG). Utilising a real gel electrolyte, rather than liquid, the Nano-Gel provides maximum holding to the plates which is able to withstand severe vibration and prolong battery life.

ACID FILLER FUNNEL

Plastic tapered funnel makes adding electrolyte to dry-charge batteries simple and safe.

Order Code: **ACDFNL**

BATTERY FILLER

This oversized dropper has a 175ml bulb, allowing electrolyte to be taken up and injected into dry battery cells simply and safely.

Order Code: **ACDFLL13**

TERMINAL ADAPTORS

Order Code: **BATADAPTOR**

DRY CHARGE BATTERY ACID PACKS

1.270 specific gravity electrolyte. Suitable for dry charge motorcycle batteries. Supplied in convenient resealable bottles.

See battery listing for details of pack quantities required

| Order Code | Description |
|------------------|------------------------|
| ACID | Single acid pack 400cc |
| ACIDBOT01 | 1 litre bottle |

3 PIN TO 2 PIN PLUG ADAPTOR

European 2 pin plug adaptor
(Converts UK 3 pin plug to Euro 2 pin)

Order Code: **ACEURO**

BATTERY & ALTERNATOR TESTER

Biketek battery and alternator tester monitors the charge state of 12V batteries and alternator system, showing results with a simple traffic light display. Connecting to the battery by terminal leads, the unit will give a Poor, Fair or Good reading of battery state, and an indication of the operating status of the alternator when the engine is running. The unit is IP65 water-proof, allowing it be permanently connected to the motorcycle if required. Ensures quick and easy battery monitoring, prompting good battery maintenance and extending battery life.
Unit size: L56 x W45 x H21mm.

Battery State:

No LED – Faulty battery (<11.6V)
Red LED – Poor battery (11.6V+)
Yellow LED – Fair battery (12.0V+)
Green LED – Good battery (12.5V+)

Alternator Function:

Green LED – Charging system working well (13.5V detected)

Order Code: **BCH020**

REPLACEMENT BATTERY CHARGER LEADS

BCHCON03

BCHCON04

9 STAGE 12V BATTERY CHARGER WITH BATTERY RECOVERY

A fully automatic 12V 1A charger with a 9 stage charge programme. Battery recovery function maximises potential of badly maintained batteries. Suitable for all 12V lead acid, sealed, VRLA and GEL batteries. Supplied with interchangeable crocodile and ring terminal leads.

- Fully automatic charging and maintenance
- Spark proof
- Reverse polarity protection
- Fireproof plastic housing
- Short circuit protection
- LED indicator display
- 12V 1A

Order Code: **BCH014**

4 STAGE 6V / 12V AUTOMATIC BATTERY CHARGER

A fully automatic charger that detects 6V and 12V batteries. Microprocessor controlled, 4 stage charge programme. Suitable for all 6V / 12V lead acid, sealed, VRLA and GEL batteries. Supplied with interchangeable crocodile and ring terminal leads.

- Fully automatic charging and maintenance
- Spark proof
- Reverse polarity protection
- Fireproof plastic housing
- LED indicator display
- 6V 0.8A / 12V 3.8A

Order Code: **BCH016**

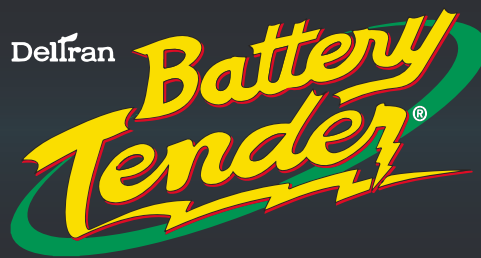

PRO-3 DIAGNOSTIC BATTERY CHARGER

12V 1A Battery Charger. Fully Automatic diagnostic charger and maintainer. Suitable for all 12V batteries including lead-acid, sealed lead acid and gel-filled.

- Reverse Polarity Protection
- Identifies and recovers deeply discharged batteries
- Short circuit protection
- Thermal protection
- Over-charge prevention
- Interchangeable connection leads
- LED status indicators
- Suitable for medium to longterm charging
- Charge battery whilst still connected to vehicle
- Includes interchangeable leads (crocodile clamp and terminal type)

Order Code: **BCH001**

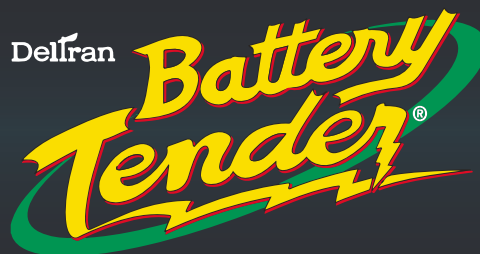

MAXIMIZE YOUR VEHICLES POTENTIAL

Keeping you powered up with our state-of-art line of chargers and accessories

BATTERY TENDER 4-BANK SYSTEM 1.25A CHARGER

The 4 Bank Battery Tender® Charging Station is four encased 1.25 amp battery chargers designed to fully charge a battery and maintain it at proper storage voltage, without the damaging effects caused by trickle chargers. This charger will operate anywhere in the world.

Features

- Input: 220/240V AC 50/60Hz
- 4 independent charging stations.
- 12 volts @ 1.25 amps per station.
- Extremely lightweight less than 6lbs
- 25ft leads available (not included)
- Microprocessor controlled constant current charging
- Reverse polarity protected.
- Spark proof.
- Perfect for all AGM (absorbed glass mat), sealed maintenance free and flooded batteries
- Complies with US and international safety standards (UL/CE).
- 2 year warranty

Order Code: **BCHTEN25**

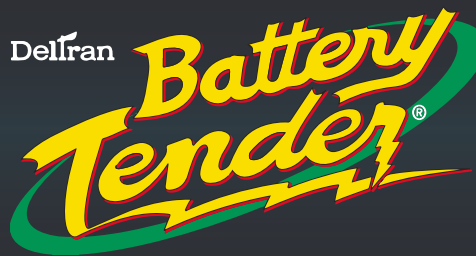

BATTERY TENDER 2-BANK SYSTEM 1.25A CHARGER

The 2 Bank Battery Tender® charging station is two encased 1.25 amp battery chargers designed to fully charge a battery and maintain it at proper storage voltage, without the damaging effects caused by trickle chargers. This charger will operate anywhere in the world.

- Input: 220/240V AC 50/60Hz
- 2 independent charging stations.
- 12 volts @ 1.25 amps per station.
- Extremely lightweight Less than 3lbs
- 25ft leads available (not included).
- Microprocessor controlled constant current charging
- Reverse polarity protected.
- Spark proof.
- Perfect for all AGM (absorbed glass mat), sealed maintenance free and flooded batteries
- Complies with US and international safety standards (UL/CE).
- 2 year warranty

Order Code: **BCHTEN23**

BATTERY TENDER POWER TENDER PLUS 5A CHARGER

The Battery Tender® power tender plus high efficiency is a 5 amp battery charger that will fully charge and maintain a battery at its proper storage voltage without the damaging effects caused by trickle chargers. A higher output (5 amps) for a quicker recharge combined with the automatic switch to maintenance mode makes this unit very versatile. It is an ideal charger for everyday charging use or long term storage and maintenance.

- Input: 220/240V AC 50/60Hz
- Output: 12 Volts DC @ 5 Amps
- 4-step fully automatic charging (initialization, bulk, absorption, float) automatically switches to float / maintenance voltage after fully charging the battery
- Perfect for all lead-acid, flooded or sealed maintenance free batteries (AGM and Gel Cell)
- Spark proof
- Short circuit protected
- Reverse polarity protected
- Safety timer: 72 hours
- 5 year warranty
- Agency approvals: UL/ CSA/ BC
- Dimensions: 3.99W x 8.26L x 2.34H
- AC Power Cord Length: 6 ft
- DC Output Cord Length 4.5 ft
- DC Accessory Length 1.5 ft

Order Code: **BCHTEN05**

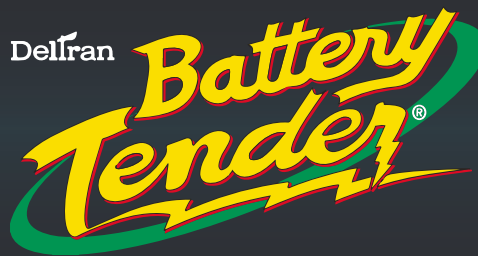

BATTERY TENDER TENDER PLUS 1.25A CHARGER

The Battery Tender® Plus High Efficiency is a 1.25 amp battery charger designed to fully charge a battery and maintain it at proper storage voltage without the damaging effects caused by trickle chargers. Included is a quick connect ring terminal harness for hard to reach areas and alligator clips for an alternate connection.

- Input: 220/240V AC 50/60Hz
- Output: 12 Volts DC @ 1.25 amps
- Automatically switches from full charge to float charging mode
- Reverse polarity protection to ensure user safety
- Red & green lights alternately flash in this condition
- Complete 4-step charging program (Initialization, bulk charge, absorption mode, float mode)
- Safety timer: 72 hours
- 5 year warranty
- Agency Approvals: UL/ CSA/ BC
- AC Power Cord Length: 6 ft
- DC Output Cord Length 4.5 ft
- DC Accessory Length 1.5 ft

Order Code: **BCHTEN03**

BATTERY TENDER WATERPROOF 800 mA CHARGER

The engineers at Deltran led the way in innovation and convenience by introducing the Battery Tender® 800. Since its introduction in 2003, it has been widely accepted as a solid new addition to the Battery Tender® family of charger products. This compact 800 mA battery charger has all the charge characteristics of its cousin the Battery Tender® Junior. It incorporates highly efficient surface mount technology electronic components. The interior is completely encapsulated, protected from shock, vibration, and moisture by an electrically insulating, thermally conductive, flame retardant, synthetic epoxy resin compound. It's tough, affordable, and a strong, innovative battery charging solution. This charger is no larger than a standard computer mouse yet packs 800 milliamps of pure constant current charging power. Coupled with a brain (IC chip), the charger will constantly monitor, charge, and then maintain your battery! Perfect for all outdoor types of ATV's, watercraft, motorcycles, boats, or anywhere water is a threat.

- Input: 220/240V AC 50/60Hz
- "Supersmart" technology
- Spark proof
- Short circuit protected
- Reverse polarity protected
- Weatherproof
- Weighs only 1 pound
- Includes alligator clips and ring terminals
- AC Power Cord Length: 6 ft
- DC Output Cord Length 4.5 ft
- DC Accessory Length 1.5 ft
- 3 year warranty

Order Code: **BCHTEN01**

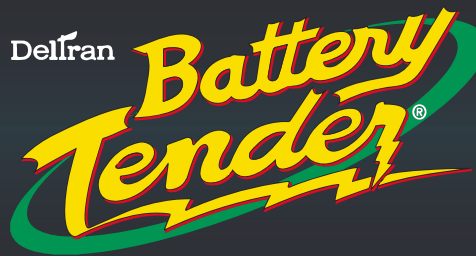

BATTERY TENDER WATERPROOF 800 mA LITHIUM CHARGER

The engineers at Deltran led the way in innovation and convenience by introducing the Battery Tender® 800. Since its introduction in 2003, it has been widely accepted as a solid new addition to the Battery Tender® family of charger products. This compact 800 mA battery charger has all the charge characteristics of its cousin the Battery Tender® Junior. It incorporates highly efficient surface mount technology electronic components. The interior is completely encapsulated, protected from shock, vibration, and moisture by an electrically insulating, thermally conductive, flame retardant, synthetic epoxy resin compound. It's tough, affordable, and a strong, innovative battery charging solution. This charger is no larger than a standard computer mouse yet packs 800 milliamps of pure constant current charging power. Coupled with a brain (IC chip), the charger will constantly monitor, charge, and then maintain your battery! Perfect for all outdoor types of ATV's, watercraft, motorcycles, boats, or anywhere water is a threat.

- Input: 220/240V AC 50/60Hz
- Designed to charge any 12 volt lithium (LiFePO4) battery
 - "Supersmart" technology
 - Spark proof
 - Short circuit protected
 - Reverse polarity protected
- Auto recovery mode for batteries with very low voltage
 - Weatherproof
 - Weighs only 1 Pound
- AC Power Cord Length: 6 ft
- DC Output Cord Length 4.5 ft
- DC Accessory Length 1.5 ft
- 3 year warranty

Order Code: **BCHTEN21**

BATTERY TENDER 1.25 AMP SELECTABLE POWER TENDER

With the same functionality as the 1.25Amp high efficiency plus this charger gives you the option to select between a 12v and 6V charging option. With a lightweight body design, this charger operates using less electricity as the original Battery Tender® plus taking us one step closer to a green environment.

All Battery Tender® battery chargers automatically switch from a full charge to a float maintenance charge mode keeping your battery at optimal charge levels and ready to go when you are.

- Output: 6v/12v switchable @ 1.25A
- Input voltage: 220 to 240 VAC, 50/60Hz
- Charger weight: 612 grams
- Size: 17,2cm x 9,3cm x 4,9cm
- ISM™ microcontroller constantly updates charge sequence for smooth transitions between charging steps
- Spark proof
- Short circuit protected
- Safety timer
- Designed for AGM, standard, flooded, GEL, or lithium (LiFeP04) batteries
- AC Power Cord Length: 6 ft
- DC Output Cord Length 4.5 ft
- DC Accessory Length 1.5 ft

Order Code: **BCHTEN31**

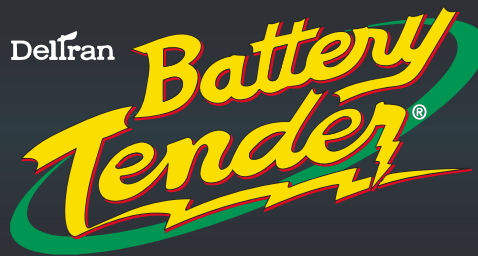

BATTERY TENDER 4 AMP DUAL SELECTABLE POWER TENDER

The fully automatic Battery Tender® 4 Amp Power Tender™ is a top-of-the-line 12V or 6V switchable battery charger, perfect for automotive, motorcycle and marine repair and maintenance shops. With 3x the power of the Battery Tender® plus this charger is versatile and powerful. Equipped with a simplified 4-Step Automatic charge process. All Battery Tender® chargers automatically switch from full charge to float charge mode. Reverse hook-up protection makes connecting your charger safe and easy to do. LED light indicators make selecting your charge mode simple.

- Output: 12v or 6v switchable @ 4A
- Input voltage: 220 to 240 VAC, 50/60Hz
- Charger weight: 612 grams
- Size: 17,2cm x 9,3cm x 4,9cm
- ISM™ microcontroller constantly updates charge sequence for smooth transitions between charging steps
 - Spark proof
 - Short circuit protected
 - Safety timer
- Designed for AGM, standard, flooded, GEL, or lithium (LiFeP04) batteries

Order Code: **BCHTEN33**

BATTERY TENDER JUNIOR 800 mA SELECTABLE LEAD ACID / LITHIUM CHARGER

The Battery Tender® Junior 800 is much more than a trickle charger. It has a brain. It's lightweight, compact, and very easy to use, especially in small spaces. Battery Tender® smart chargers will automatically switch from full charge to float charge mode. Suitable for AGM/Lead acid/GEL/ Flooded or Lithium (LiFePO4) batteries. Equipped with reverse hook-up protection and spark proof alligator clips and fused ring terminals. Battery Tender® ISM™ micro controller constantly updates charge sequence for smooth transitions between charging steps.

- Output: 6v/12v @ 800mA
- Input voltage: 220 to 240 VAC, 50/60Hz
- Charger weight: 467 grams
- Size: 8,3cm x 5cm x 3,5cm
- Plugs directly into the wall
- ISM™ microcontroller constantly updates smooth transitions between charging steps
- Spark proof
- Short circuit protected
- Safety timer
- Selectable for AGM, flooded, GEL, or lithium (LiFePO4) batteries

Order Code: **BCHTEN29**

BATTERY TENDER LCD BATTERY METER QDC PLUG

Designed for use on 12v Flooded, AGM and Gel batteries.

- The LCD displays battery voltage when the button is pressed or when initially plugged in.
- Display voltage range is 3 to 16V, resolution is +/-0.1 volt.
- The red LED flashes when voltage is low.

GREEN: Battery Charged (Greater than 12.0V)

YELLOW: Battery is Low (11.6 to 12.0V)

RED: Battery is Discharged (Less than 11.6V)

Order Code: **BCHTEN09**

BATTERY TENDER QDC USB CHARGER PLUG

To charge iPhone, iPad, iPod, GPS, Camera or any Smartphone or device that is charged via USB Designed for use on any 12v battery

Input: 12v

Output: 2.1A Maximum

Order Code: **BCHTEN07**

BATTERY TENDER ALLIGATOR CLIP

Alligator clip accessory for use with multiple batteries. Black quick disconnect. For 12volt models only. 2ft long.

Order Code: **BCHTEN19**

BATTERY TENDER FUSED RING TERMINAL LEAD QDC PLUG

Ring Terminal Harness Accessory for use with multiple batteries. Black Quick Disconnect. For 12 volt models only. Contains a 7.5 amp fuse and is 2 ft. long.

Order Code: **BCHTEN17**

BATTERY TENDER EXTENSION CABLE 4M / 12.5FT

Use the 12.5ft foot long lead extension with the Battery Tender® Junior, Plus, 2, 4, 5, or 10 Bank units.

(Not for use with the 6 Volt Battery Tender® Plus or any other Battery Tender® product with white quick-disconnect plugs.)

Order Code: **BCHTEN15**

BATTERY TENDER EXTENSION CABLE 8M / 25FT

Use the 25ft foot long lead extension with the Battery Tender® Junior, Plus, 2, 4, 5, or 10 Bank units.

(Not for use with the 6 Volt Battery Tender® Plus or any other Battery Tender® product with white quick-disconnect plugs.)

Order Code: **BCHTEN11**

MAXIMUM POWER AND TORQUE

Viper Race Cans present a wide range of road and sports bike exhausts, offering great function and performance.

- **Reduced weight over OEM cans** • **Increase in power output and torque**
- **Easy fitment** • **Unique race acoustic**

Developed and manufactured in an original equipment facility, Viper Race Cans utilise optimum materials to guarantee exhaust cans of unfaltering build quality.

Formats available cater for all needs and budgets from 'straight-through' alloy round cans to road legal E-marked cans with removable baffle. Whether the bike is a daily commuter or track machine Viper has the answer.

VIPER BY NAME - VIPER BY NATURE

Viper Race Cans are constructed as a straight-through exhaust without any baffle. Available in various profiles and lengths.

BOA LOOSE EXHAUST PACKING

Premium loose 'Boa' muffler packing. The boa only needs to be loosely wrapped or packed into a silencer as it expands to fill the voids when subjected to heat from the exhaust gasses, ensuring optimum sound absorption. Each pack contains 400g.

Order Code: **EXCPCK014**

EXHAUST PACKING SHEETS

The material is uniquely compressed and stitched together with a fine low temperature melting thread, which dissolves on contact with exhaust gas, releasing the compressed fibres to expand and fully fill chamber voids. Ideally suited for repacking non-uniform shaped cans such as oval and tri-oval, which can be tricky to repack correctly with standard materials.

Easy to use;

- Available in 3 lengths to suit most popular exhaust sizes (length can also be trimmed for precision)
- No need to use stainless steel wool to cover the perforated pipe
- Simply wrap sheet around the perforated pipe and cut to attain the required fill volume (each sheet is 1M wide)

Material benefits;

- Higher temperature resistance (up to 1000°C), eliminating need for s/s wool
- High resistance to High Pulse Compacting
- Increased sound absorption compared to traditional materials
- Improved thermal insulation - reduced need for internal or external heat shields
- More efficient than conventional needle mat or blown-in fibre products

| Order Code | Size |
|------------------|------------|
| EXCPCK350 | 350mm x 1M |
| EXCPCK400 | 400mm x 1M |
| EXCPCK450 | 450mm x 1M |

N.B. Fibres expanded after thread has melted

DB KILLER

Designed for use with Viper oval and round cans, this angled dB Killer simply bolts into the end of Viper cans to reduce noise emission.

Order Code: **EXCKILL**

N.B. Requires drilling at exhaust outlet nozzle.

BAFFLE KIT

BS Approved easy to install / un-install universal Viper can baffle, inserts into end section of straight-through cans, simple bolt fixing secures baffle in place. Any protruding baffle can be easily trimmed to fit flush with the exhaust nozzle.

Order Code: **EXCNRK**

Dimensions:
A = 48mm
B = 28mm
C = 32mm

N.B. Fitting requires drilling hole into nozzle of exhaust can.

SWIVEL EXHAUST SPRINGS

Swivel exhaust springs supplied in pairs, available in 57mm, 75mm, 83mm and 90mm lengths.

| Order Code | Size |
|-----------------|------|
| EXCSPR57 | 57mm |
| EXCSPR75 | 75mm |
| EXCSPR83 | 83mm |
| EXCSPR90 | 90mm |

EXHAUST BUNG

Protects silencer and engine by stopping water running down through the exhaust during washing.

2 Stroke
Order Code: **EXHB003**

4 Stroke
Order Code: **EXHB001**

ADHESIVE HEAT SHIELD SHEET

Adhesive heat shield sheet. Self-adhesive heat shield for bodywork protection from engine and exhaust heat. Supplied as a 50x50cm sheet, the shield can be precisely cut to the required shape and size for use on fairings and panels. Flexi aluminium top section, fibreglass inner with ultra-sticky adhesive backing.

Order Code: **STKHRT02**

EXHAUST WRAP

Exhaust and header pipe high-temperature tape, requires no wetting to fit. Highly durable and thermal shielding, the material is constructed from fibres extruded from pulverised lava rock. The wrap handles direct continuous heat over 700 degreesC, helping reduce heat transfer from exhaust systems to maintain internal exhaust gases at optimum temperatures. Supplied with stainless steel ties for fitting. 1" width, 50ft roll.

| Order Code | Description |
|-----------------|-------------------------------|
| STKHRT04 | Titanium |
| STKHRT08 | Black |
| STKHRT06 | Spare stainless steel tie 1pc |

UNIVERSAL ENDURO, TRAIL & ATV CAN

Viper alloy sleeve can with carbon fibre end-cap, suitable for off-road use on enduro, trail and ATV bikes. With a standard inlet 51mm ID, the cans are easily mounted to original pipe work. A reducer kit is available separately to allow fitment to smaller pipework. The carbon fibre end cap neatly finishes the can ensuring that there is no protruding outlet, making the can suitable for track use. Also features a removable baffle.

| Order Code | Description |
|-----------------|---------------------------------------------------------------------------------------------------------------------------------|
| EXC759 | Stubby Oval Can (39cm) with carbon fibre end cap and removable baffle. |
| EXC701 | Alloy Oval Stubby (39cm) |
| EXCRDC08 | Exhaust inlet reducer kit includes 3 inter-changeable sleeves to allow exhaust fitment to narrower pipes. Minimum closure 44mm. |

VIPER SPARES

Replacement can straps to hang exhaust cans from footrest hangers and banjo clamps to secure connecting pipes to slip-on cans and down-pipes.

CAN STRAPS

| Order Code | Description |
|---------------|-------------------------------------------|
| EXCSTB | 28mm hanger 365mm circumference |
| EXCSTC | 43mm hanger 365mm circumference |
| EXCSTD | 48mm angled hanger 370mm circumference |

BANJO CLAMPS

| Order Code | Description |
|----------------|---------------------|
| BAN2931 | Banjo clamp 29-31mm |
| BAN3134 | Banjo clamp 31-34mm |
| BAN3437 | Banjo clamp 34-37mm |
| BAN3740 | Banjo clamp 37-40mm |
| BAN4043 | Banjo clamp 40-43mm |
| BAN4447 | Banjo clamp 44-47mm |
| BAN4851 | Banjo clamp 48-51mm |
| BAN5255 | Banjo clamp 52-55mm |
| BAN5559 | Banjo clamp 55-59mm |
| BAN5963 | Banjo clamp 59-63mm |
| BAN6368 | Banjo clamp 63-68mm |

EXHAUST MOUNTING

Universal mounting brackets provide additional support for exhausts without integral hangers. Available in 2 1/2" and 2 7/8" pipe diameter fitment

| Order Code | Description |
|----------------|-------------------------------------------|
| EXUST02 | 2 1/2" pipe fitment, central hanger |
| EXUST04 | 2 7/8" pipe fitment, offset angled hanger |

EXHAUST INLET REDUCER KIT

Inlet reducer kits consist of inter-changeable sleeves to allow exhaust fitment to narrower pipes.

| Order Code | Description |
|-----------------|-------------------------------------------------------------|
| EXCRDC04 | 4pc sleeves, 38mm/41mm/44.5mm/47.5mm (minimum closure 36mm) |
| EXCRDC08 | 3pc sleeves, 46mm/49mm/52mm (minimum closure 44mm) |

CENTRE STAND STOPPER

Rubber stopper with allen bolt fitting, replaces or upgrades existing stopper to protect bike stand contact with link pipe.

Order Code: **EXCRUB01**

EXHAUST GASKETS

Avoid sales of illegal and harmful asbestos type gaskets with our asbestos free formula.
Pack of 10.

CLUTCH ROLLERS

Viper Scooter Silencers are supplied without clutch rollers. It is recommended that new rollers are fitted at the same time as the Viper exhaust silencer being fitted. Full details of the clutch roller range is detailed below, check the application chart on pages 54-55 for the correct rollers to use for each scooter model.

| Order Code | Specification |
|----------------|---------------|
| VIPROLA | 15x12 4.75g |
| VIPROLB | 16x13 6.5g |
| VIPROLC | 19x15 4.5g |
| VIPROLD | 17x12 5.5g |
| VIPROLE | 19x15.5 4.5g |

6 pieces per pack

NB: The rollers compatibility detailed here is based on the scooter's rider weighing 75kgs / 12 stone or less.

SILENCER GASKETS

Bespoke replacement exhaust gaskets for Viper scooter silencers. Model fitment as shown below.

| Order Code | Fits |
|----------------|----------------------------------|
| VIPGSKA | VIP375 , VIP040 , VIP379, VIP380 |
| VIPGSKB | VIP242 |

REPLACEMENT SILENCERS

OEM equivalent replacement silencers at a fraction of the cost.

| Order Code | Model |
|------------------|---------------|
| EXHC90CUB | C90 CUB |
| EXHANF125 | ANF125 Innova |

UNIVERSAL TRADITIONAL / CUSTOM SILENCERS

A comprehensive range of universal road silencers in traditional and custom styles. Each silencer is finished to a superb high chrome quality or matt black, details of baffle and bracket configurations listed individually below. Some models are supplied with inlet reducer kits allowing a range of inlet diameters as detailed. Inlet reducer kits are also available to buy separately,

*Airblade*TM

RACING SCREENS

ADDED PROTECTION WITH STYLE AND TECHNOLOGY

Airblade double bubble racing screens add style to sports bikes whilst increasing performance and ride ability with drag reducing design. Sports screens are available in Dark Smoked, Light Smoked and Clear finish.

- Shatterproof and shock resistant - to minimise the chance of breakage from the impact of stones and other debris.
- Rigid - to retain the screens shape and avoid distortion under extreme wind pressure and high temperatures.
- Safer - in extreme circumstances should the screen break, the resultant edges should not be sharp.

DARK SMOKED

LIGHT SMOKED

CLEAR

Airblade screens have been developed in conjunction with BSB teams such as Yamaha British Superbike Team & RM Racing.

Produced from premium acrylic, Airblade Racing Screens utilise a raised DOUBLE BUBBLE shaping that offers bike aerodynamics and wind protection for the rider. * Except where indicated

BIKETEK

CNC PRO SERIES ADJUSTABLE SPORTS LEVERS

Biketek adjustable pro series levers offer a superior quality upgrade to standard OEM levers. Precision CNC machined, the levers are ergonomically designed to provide improved lever feel and control. The multi-setting adjuster enables the lever to be set at the exact reach for the rider, resulting in better control and comfort. Features grooved lever blade for better grip, with detail aero cut-out. Premium quality finish in a choice of colours with black or gold adjusters, these levers will prove a stylish upgrade to all bikes. Sold individually and available in short or long options.

CNC PRO SERIES ADJUSTABLE SPORTS LEVERS

Biketek adjustable pro series levers offer a superior quality upgrade to standard OEM levers. Precision CNC machined, the levers are ergonomically designed to provide improved lever feel and control. The multi-setting adjuster enables the lever to be set at the exact reach for the rider, resulting in better control and comfort. Features grooved lever blade for better grip, with detail aero cut-out. Premium quality finish in a choice of colours with black or gold adjusters, these levers will prove a stylish upgrade to all bikes. Sold individually and available in short or long options.

CNC PRO SERIES ADJUSTABLE SPORTS LEVERS

Biketek adjustable pro series levers offer a superior quality upgrade to standard OEM levers. Precision CNC machined, the levers are ergonomically designed to provide improved lever feel and control. The multi-setting adjuster enables the lever to be set at the exact reach for the rider, resulting in better control and comfort. Features grooved lever blade for better grip, with detail aero cut-out. Premium quality finish in a choice of colours with black or gold adjusters, these levers will prove a stylish upgrade to all bikes. Sold individually and available in short or long options.

MOTORCYCLE

COLLECTION | 2020

Triple S chains....

Premium high strength road & off road chains with excellent impact load resistance, designed specifically to withstand the stress found in road & off road applications these chains are the choice where combination of high strength, lightweight and maximum power transfer are important considerations.

Rigorous and extensive testing with British superbike teams and Cosworth Yamaha MXGP motocross team have given Triple S the knowledge to pass onto the customer a superb range of chains. The Triple S range of standard, heavy duty & O-ring chains are ready for enhanced performance right out of the box.

Triple S sprockets....

Replacement front and rear motorcycle sprockets for all road and off road applications. Every sprocket is machined and CNC manufactured to exacting standards and achieving closest possible tolerances to prolong sprocket and chain longevity. Heat treated high carbon steel ensures every sprocket offers great durability and performance.

THE SCIENCE OF FRICTION

STREET - ORGANIC

STREET - ST

- Organic formula
- Front and rear brake
- For touring and commuting
- Good performance - wet and dry weather
- All temperatures
- Cast iron and stainless steel rotors

SCOOTER - ORGANIC

SCOOTER - SC

- Organic formula
- Front and rear brake
- For scooters from 50 cc
- Strong mechanical bonding between compound and backing plate

SUPERSPORT - SINTER - FRONT

SUPERSPORT - SF

- Sinter formula
- Front brake
- For high performance street motorcycles
- Excellent brake performance
- Fade free and comfortable operation
- Long lifetime with low wear on brake rotor

SUPERSPORT - SINTER - REAR

SUPERSPORT - SR

- Sinter formula
- Rear brake
- Friction level adjusted to SF as front brake
- For high performance street motorcycles
- Excellent brake performance under all conditions
- Fade free and comfortable operation
- Long lifetime with low wear on brake rotor

SCOOTER MAXI - SINTER

SCOOTER - SM

- Sintered formula
- Front and rear brake
- For scooters + maxi
- Excellent brake performance
- Fade free, and comfortable operation
- Long lifetime with low wear on brake rotor

Bike It are proud to be the exclusive UK / Eire distributor of this iconic brand and product line.

AP RACING – THE SCIENCE OF FRICTION

For over 50 years AP Racing, the UK-based company, has been at the forefront of the motorsport industry, creating 2 and 4 wheel winners....

AP Racing's unparalleled experience in racing brake technology places them in a unique position to evaluate friction materials and brake pad performance both on dyno test beds and through rigorous track testing. AP Racing have pushed the boundaries of motorcycle brake system design to their limits with products supplied to MotoGP, World and National Superbike Championships, Supermoto and Sidecars.

AP Racing offers a comprehensive high performance aftermarket sinter and organic brake pad programme for motorbikes and scooters. Friction materials used in a brake system are a vital factor in the overall performance and safety of a system, therefore front and rear pads with specific friction compounds to cater for different braking requirements between front and rear calipers are essential.

All AP Racing motorcycle and scooter brake pads are made in Europe according to the highest and most demanding quality standards in this business.

ARMSTRONG

RACING DISC PADS

OPTIMISING BRAKING PERFORMANCE

GG BRAKE PADS

OPTIMAL FOR LOWER POWERED BIKES

STREET

Suited for lower powered bikes
Including mid range commuters, scooters
And learner legals.

- GG green performance road pads
- Long lasting organic compound
 - 350 C heat transference
 - All weather suitability
 - TUV approved
- Asbestos free compound

HH BRAKE PADS

OPTIMAL FOR HIGHER POWERED BIKES

PERFORMANCE

Suited for rapid braking and all bikes Including
today's powerful superbikes
and sports-tourers.

- Performance road brake pads
- High friction sintered compound
 - 550 C heat transference
 - Non fading
 - All weather suitability
 - TUV approved
- Asbestos free compound
- Improved compound formula

For bike fitment use the PartsFinder online at www.bikeittrade.com

Offering a comprehensive range of TUV approved brake disc pads for all of today's motorcycle applications, on and off-road. Revised and improved compounds, delivering performance braking and great value for money.

Organic Green Road – organic GG compound disc pads, 350 degree C heat transference, suited for lower powered bikes including mid-range commuters, scooters and learner legals.

Sintered Gold Road – revised and improved sintered HH compound disc pads, 650 degree C heat transference, suited for rapid braking and all bikes including today's powerful superbikes and sports-tourers.

ARMSTRONG

ARMSTRONG

RACING DISC PADS

OPTIMISING BRAKING PERFORMANCE

**REAR SOLID
BRAKE DISC**

**FRONT SOLID
BRAKE DISC**

**FRONT FLOATING
BRAKE DISC**

Optimising performance with a more efficient area of pad contact compared to standard round discs. Laser cut from premium Japanese induction hardened stainless steel, diamond ground for the perfect finish, these discs not only look great but also offer lighter weight over standard OEM models. (All discs are sold individually).

For bike fitment use the PartsFinder online at www.bikeittrade.com

OPTIMISING PERFORMANCE

Premium Japanese induction hardened steel discs, laser cut to deliver greater perfection and accuracy. Discs are diamond ground to ensure optimum finish and contact surface, feature wavy design offers more efficient braking contact area. Improved braking grip and bite, gains in brake fade and rider feel. Road and Off-Road disc ranges available in solid front/rear and floating front rotors. Anti-squeal even in wet conditions.

ARMSTRONG RACING SOLID WAVY BRAKE DISCS

Optimising braking performance with a greater efficiency area of pad contact compared to standard round discs. Laser cut from premium Japanese induction-hardened stainless steel and diamond ground for the perfect finish. Suitable for all high-performance sportsbikes and supersports, these upgrade discs offer improved braking grip and lighter weight over standard OEM models. Rear discs available for all manufacturers, Front discs available for BMW and HD.

ARMSTRONG RACING FRONT FLOATING WAVY BRAKE DISCS

Optimising braking performance with a greater efficiency area of pad contact compared to standard round discs. Outer -rings and carriers are laser cut from premium Japanese induction-hardened stainless steel and diamond ground for the perfect finish. Suitable for all high-performance sportsbikes and supersports, these upgrade discs offer improved braking grip and lighter weight over standard OEM models.

FILTREx PRO PERFORMANCE AIR FILTERS

FILTREx performance replacement air filter product guaranteed to increase horsepower and acceleration. Professionally engineered with a premium filtration material set within a high specification chassis, FiltrEx will deliver increased performance and longevity over OEM and other aftermarket filters.

FiltrEx air filters consist of four sheets of cotton gauze layered between two sheets of strong galvanized steel mesh coated with epoxy. This rigid construction guarantees against deformation under heat and powerful engine forces. Deep pleating of the filter material increases air filtration area and enhances speed of airflow, creating an overall high performing filter product. Every filter is set within a frame produced from highly durable EPDM which is able to sustain extreme temperatures and still retain its form.

All FiltrEx air filters are tested on state-of-the-art German made MAHA LPS3000 dynameters, specifically designed for motorcycle and vehicle purposes. Fully washable and reuseable FiltrEx air filters are available for the majority of the latest sports and street bikes ISO9001.

NIKONE FORK DUST SEALS

| FORK DUST SEALS | |
|-----------------|------------|
| Order Code | Size (mm) |
| FKD106 | 26x37.5 mm |
| FKD100 | 27x39 mm |
| FKD102 | 33x45 mm |
| FKD104 | 33x46 mm |
| FKD112 | 36x48 mm |
| FKD114 | 37x49 mm |
| FKD110 | 37x50 mm |
| FKD116 | 38x50 mm |
| FKD118 | 39x52 mm |
| FKD120 | 41x53 mm |
| FKD108 | 41x54 mm |
| FKD122 | 43x54 mm |
| FKD124 | 43x55 mm |
| FKD126 | 45x57 mm |

FORK STROKE INDICATORS

A very simple but handy accessory. These fork indicators simply slide onto fork legs against the dust seal. As the forks compress the indicator is pushed up the leg, showing fork performance.

| FORK STROKE INDICATORS | |
|------------------------|-------------|
| Order Code | Size (mm) |
| FKSIND41 | 41mm / Pair |
| FKSIND43 | 43mm / Pair |
| FKSIND46 | 46mm / Pair |
| FKSIND47 | 47mm / Pair |
| FKSIND48 | 48mm / Pair |
| FKSIND50 | 50mm / Pair |

WHEEL BEARINGS

Double Rubber Seal "2RS" Sealed bearings offer better resistance to water and dirt. Stocks from NTN / SNR / Koyo / SKF Original equipment.

CARBON FIBRE VALVE CAPS

Premium quality valve cap, features chrome effect ends with a real carbon fibre sleeve.

Order Code:
VCPCBN13

TYRE VALVES

RUBBER VALVES

Order Code Description

VLVR25 25mm height rubber T/L valve
VLVR42 42mm height rubber T/L valve
VLVR48 48mm height rubber T/L valve

VLVR48

VLVR42

VLVR25

VLVDEG 90° right angle T/L valve

METAL VALVES

Order Code Description

VLV005 90 degree, Aluminium 11.3mm
VLV010 90 degree, Aluminium 8.3mm

VLV8CH 8mm Chrome plated T/L valve
VLV8GD 8mm Gold coloured T/L valve
VLV10CH 10mm Chrome plated T/L valve

VLV8CH

VLV8GD

VLV10CH

VLV35GD 35mm height anodised gold T/L valve
VLV35BU 35mm height anodised blue T/L valve
VLV35R 35mm height anodised red T/L valve

VLV35GD

VLV35R

VLV35BU

STANDARD VALVE CAPS

Multi-packs of the most widely used replacement valve caps. Available in black plastic and nickel plated alloy. Sold in packs of 50pcs

Order Code Description
VLV015 Black plastic (50pcs)
VLV020 Nickel plated (50pcs)

VALVE CAPS

Pairs of valve caps in chrome and anodised colours (blue, gold, red, black & chrome)

Order Code Description
VCPHEX Hexagon
VCPSP1 Small piston
VCPRND Round

Dependant on what colour you would like please add one of the following after the code: BU (blue), GD (gold), R (red), CH (chrome), BLK (black)

BULLET VALVE CAP

Order Code Description
VCPBULCH Chrome bullet

PRESSURE ALERT VALVE CAPS

Simple but effective valve caps that constantly monitor tyre pressure and alert you of pressure loss. Each cap has a minimum pressure rating, when tyre pressure is above the minimum a green ring shows - all OK. If pressure drops below the minimum rating, a red ring shows - time to inflate and check tyres. Select the lowest PSI limit nearest to the bike manufacturer's recommended tyre pressure. 4 versions available, supplied individually.

| Order Code | PSI Limit | PSI Range |
|------------------|-----------|-----------|
| PSIAL2930 | 28 | 29-30 |
| PSIAL3234 | 30 | 32-34 |
| PSIAL3537 | 34 | 35-37 |
| PSIAL4143 | 40 | 41-43 |

TYRE PENS

White indelible marker pens for enhancement of tyre side walls. Available in round and chisel nibs

Order Code Description
PENTYR11 Round Nib
PENTYR12 Chisel Nib

VALVE EXTENDERS

This selection of valve extenders simply screw onto the tyre valve allowing easier access for attaching air-chucks.

Order Code Description
VLVECH 90 degree, chrome plated
VLVEXT Flexible braided hose

VLVEXT

VLVECH

NB Remove immediately after tyre has been inflated - do not ride with extenders fitted.

CRASH PROTECTORS – STP POLYMER

Crash protectors fit to engine frames and provide a ground contact point in the event of a crash. With the impact concentrated through the protector, bike and fairing contact is reduced and can minimise crash damage. Biketek offer a full range of protectors, with mounting kits where required. The protectors are manufactured from STP polymer, a highly durable non-shatter material with low friction upon contact – the ideal properties for crash protectors. Some models will require the fairing to be modified and cut to allow installation of the adaptors, these are detailed in the below application list.

* Crash protectors for bikes marked **YES** to 'Fairing Mod Required?' require alterations and cutting of the fairing.

CRASH PROTECTORS – T6 ALUMINIUM & CARBON-FIBRE

Aluminium and carbon-fibre sleeved crash protectors, offer all the advantages of STP polymer protectors, but with a different look – high polished aluminium and carbon-fibre. Complete with mounting kits where required. Some models will require the fairing to be modified and cut to allow installation of the adaptors, these are detailed in the below application list.

Crash protectors fit to engine frames and provide a ground contact point in the event of a crash. With the impact concentrated through the protector, bike and fairing contact is reduced and can minimise crash damage. Biketek offer a full range of protectors, with mounting kits where required. The protectors are a highly durable non-shatter material with low friction upon contact – the ideal properties for crash protectors. Some models will require the fairing to be modified and cut to allow installation of the adaptors, these are detailed in the below application list.

* Crash protectors for bikes marked **YES** to 'Fairing Mod Required?' require alterations and cutting of the fairing.

| Model | Year | Fairing Mod Required | T6 Aluminium | Carbon Fibre |

ALUMINIUM CNC FOOTPEGS

Premium aluminium CNC machined footpegs.
Single piece design ensures easy fitment.
Chunky machined pattern for optimum grip.
Features hard-wearing nylon slider cap.

Please add colour code to the end of the order code. Example: **FPGHF11BLK**

Order Code Description
FPGPG99 Replacement nylon slider cap 1pair

Application list is not exhaustive. Please visit
www.bikeittrade.com for full model fitments.

BILLET ALUMINIUM RACE PEGS

Billet aluminium racing footpegs, designed to replace OEM's. Aluminium material offers weight reduction over stock pegs. Rigid 1pc construction with no assembly. Slash-cut for increased ground clearance and machined sole grooves for optimum grip. Use existing OEM mounting hardware and springs. Available in matt and alloy finishes.

ADJUSTABLE FOOTPEGS

Biketek adjustable footpegs can be rotated in a full forward/back circle, enabling adjustment by 45 degree graduations and offering improved rider positioning.

The mounting hardware features an octagon shaped mechanism which can be adjusted through eight possible settings, allowing the footpeg to be permanently set to the optimum position.

Precision CNC machined footpeg, hanger and mounting block, with hard-wearing nylon slider tip.

Order Code Description
PEGADJ01 Replacement nylon slider tips (2pcs)

Order Code: **HLUTRG08**

AUXILIARY LIGHTING

The Tura range offers universal auxiliary LED lighting solutions, ideally suited for occasional lighting, particularly for adventure and off-road motorcycles. Each Tura light features precision manufactured aluminium housings for strength and durability, fully waterproof for all conditions. Extremely high-power illumination is achieved by using leading LED technology and specifications suited to off-road and adventure requirements. Universal fitting to tubular engine-bars and handlebars. Each light is powered by a rechargeable Samsung cell battery pack which can be universally mounted to the motorcycle.

TURA SCOUT 850 LUMEN

850 lumens. 3 mode function. 35mm waterproof aluminium casing. Bike and helmet mounts. Up to 14 hour runtime.

Order Code: **LGT0051**

TURA PIONEER 1200 LUMEN

1200 lumens. 4 mode function. 42mm waterproof aluminium casing. Bike and helmet mounts. Up to 10 hour runtime.

Order Code: **LGT0053**

TURA SPRITE 850 LUMEN

850 lumens. 3 mode function. 42mm waterproof aluminium casing. Bike and helmet mounts. Up to 10 hour runtime.

Order Code: **LGT0054**

STEALTH HEADLIGHT BRACKETS

Premium quality headlight brackets featuring black finished clamp and bracket. Expanded range of bracket-rubbers to fit all sizes including USD forks.

LED MICRO OVAL INDICATORS

A tiny bodied CNC machined indicator (40mm x 17mm lens). Finished in high chrome. Clear lens with amber LEDs. E-marked.

Order Code: **INDLED13**

LED RUNNER TWO INDICATORS

Indicator features single 'runner' layout of 4 ultra-bright amber LEDs. Unique translucent lens surround captures emitted light for increased visibility. Chrome body with translucent white lens surrounds. E-marked.

Order Code: **INDLED53**

LED RUNNER ONE INDICATOR

Indicator features single 'runner' layout of 4 ultra-bright amber LEDs. Unique translucent lens surround captures emitted light for increased visibility. Black body with translucent black or amber lens surrounds. E-marked.

| Order Code | Description |
|-----------------|-------------|
| INDLED51 | Black lens |
| INDLED52 | Amber lens |

LED ICE INDICATORS

High power single LED (12v 3w). Unique clear frosted lens indicator. 55mm (w) x 21mm (h). Each indicator has an inbuilt resistor. E-marked.

Order Code: **INDLED47**

LED BLADE INDICATORS

Aggressive styling indicator with two feature cut-outs. Super-bright amber LEDs. 75mm Width. E-marked.

Order Code: **INDLED63**

LED FORCE INDICATORS

Compact LED indicator with safety end cut out for increased visibility. E-marked.

| Order Code | Description |
|-----------------|--------------------|
| INDLED25 | Short stem, black |
| INDLED26 | Long stem, black |
| INDLED27 | Short stem, carbon |
| INDLED28 | Long stem, carbon |

LED DIAMOND INDICATORS

These indicators utilise bright, fast LEDs set into a neat diamond shape body. Available in black, as either short or long stem options. E-marked.

| Order Code | Description |
|-----------------|-------------------|
| INDLED09 | Short stem, black |
| INDLED10 | Long stem, black |

LED SHARD INDICATORS

Reduced size classic OEM style indicator. Super-bright amber LEDs. Rubberised mounting stem. Rubberised mounting stem. 60mm width. E-marked.

Order Code: **INDLED64**

LED SEQUENTIAL PULSAR INDICATORS

Universal indicators with unique sequential strobing LED pattern. Flexi-stem matt black body with smoked lens. 8mm bolt fitting. 95x13x25mm (LxHxD). E-marked.

Order Code: **INDLED62**

LED ORB INDICATORS

A clean design indicator with transparent lens and inset LEDs. Lens dimension: 57mm x 29mm E-marked.

| Order Code | Description |
|-----------------|--------------------|
| INDLED40 | Black body |
| INDLED41 | Carbon effect body |
| INDLED42 | Chrome effect body |

LED CLAW INDICATORS

A modern angular design indicator with transparent lens and inset LEDs. Features amber side-tip LED for side-on visibility and increased safety. Maximum lens dimension: 75mm x 34mm. E-marked.

| Order Code | Description |
|-----------------|--------------------|
| INDLED38 | Black body |
| INDLED39 | Carbon effect body |

LED TALON INDICATORS

Bright, fast LEDs set into a talon shape indicator body. Available in black short or long stem options E-marked.

| Order Code | Description |
|-----------------|-------------|
| INDLED30 | Short stem |
| INDLED31 | Long stem |

LED PEAK INDICATORS

Contoured shaped mini indicator. Features amber peak cut-out for greater visibility. Anti-vibration stem. Incorporates bright fast LEDs. Short black stem. E-marked.

Order Code: **INDLED49**

LED ARROW INDICATORS

Arrow shaped mini indicator. Anti-vibration stem. Incorporates bright, fast LEDs. E-marked.

Order Code **INDLED48**

LED SPEAR INDICATORS

Bright, fast LEDs set in the ever popular spear style body. Available in short and long stem options. E-marked.

| Order Code | Description |
|-----------------|-------------|
| INDLED18 | Long black |
| INDLED19 | Short black |

LED ATOM INDICATORS

These tiny units feature ultra-bright LEDs, perfect for use as additional indicators. 26mm (w) x 18mm (h). Universal 6mm bolt fitting.

| Order Code | Description |
|-----------------|-------------|
| INDLED32 | Black body |
| INDLED33 | Chrome body |

LED CHEVRON INDICATORS

Flat-backed Chevron shaped flush indicator. Super-bright amber LEDs. 6mm bolt fitment, suitable for fairings and number plate hangers. 60mm width. E-marked.

Order Code: **INDLED60**

ZIP LED FAIRING INDICATORS

Self-adhesive fairing fitment. 2 high powered amber LEDs in each unit.

Order Code: **INDLED50**

LED FAIRING INSERT INDICATORS

Easy and effective solution to upgrade OEM fairing indicators. These indicators are shaped to fit the hole left after removing the factory originals.

- Simple screw fit installation.
- Do not require additional fairing spacers.
- E-marked.

FAIRING INDICATOR RISERS

Fairing indicator risers are rubber mounts which fit directly into the fairing cavity. The mounts raise the height of fairing indicators to offer improved visibility of the indicator to other road users. Suitable for use with flush-fit and stalked indicators. Available for majority of modern sportsbikes.

*Complete with Rubber Holder

LED INDICATOR RELAYS

LED indicators work to a lower wattage than standard bulb-type indicators. To avoid rapid flashing it may be necessary to replace the existing relay with a specially designed LED relay with the correct wattage.

| Order Code | Description |
|------------|--------------------------------------------------------|
| WRELED01 | 2 pin, universal |
| WRELED02 | 3 pin, universal |
| WRELED03 | OEM, block type – fits most Honda, Kawasaki, Yamaha |
| WRELED05 | 7 pin Suzuki OEM block type, 12v |

LED INDICATOR RESISTOR

An easy alternative to installing an LED indicator relay, these resistors are simply connected in series to each indicator, creating correct indicator flash rate without needing to replace the OE relay. Each indicator requires 1 resistor. Sold individually.

Order Code: **WRELED04**

INDICATOR CONNECTOR LEADS

Easy and quick solution to fitting aftermarket indicators. Utilise OEM style blocks to connect into the existing wiring. Bullet ended wires plug on to universal indicators. Eliminates need to cut out original wiring. Four shapes available to fit Honda, Kawasaki, Suzuki, Yamaha.

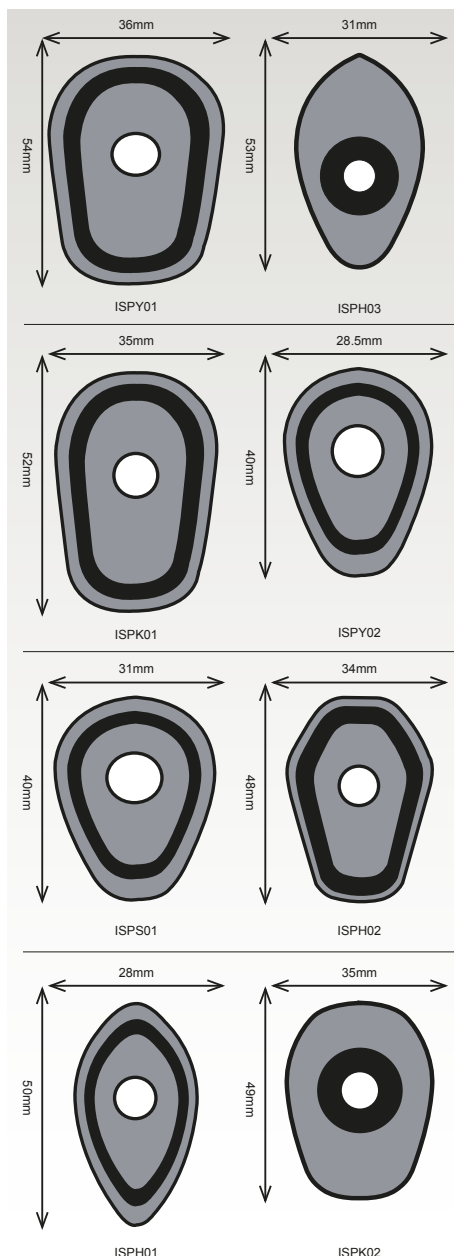

| Order Code | Description |
|---------------|------------------|
| ICL001 | Honda & Kawasaki |
| ICL002 | Honda & Kawasaki |
| ICL003 | Suzuki & Yamaha |
| ICL004 | Suzuki & Yamaha |

INDICATOR SPACERS

Bike specific sets of spacers to fill the holes left from removal of original bulky indicators. Sets are available for the front or rear of the bikes shown below, allowing easy and neat installation of aftermarket indicators.

127PC HEAT SHRINK WIRE WRAP ASSORTMENT

Contains 7 popular sizes, complete with sectioned storage case. When heated, these sleeves shrink around wiring for optimum connection and insulation.

Order Code: **ASST21**

SCOTCH LOCK WIRE CONNECTORS

Push fit connector blocks for easy and tidy connection of electrical wires. Ideal for installing indicators, rear lights etc. Pack of 10 connectors.

Order Code: **ASST24**

LED REAR LIGHTS

Clear Lens version incorporates red LEDs in the stop/tail function, and also have unique integral LED indicators in amber colour, enabling stock indicators to be removed for trimmed down look or to be kept as additional safety feature. *

Cool Grey smoked-lens version incorporates red LEDs in the stop/tail function, but do not have integral indicators.

Both formats are easy to install, simply bolting in place of the existing OEM unit and benefitting from OEM block connectors for quick and hassle-free wiring.

*Complete with Rubber Holder

LED INDICATOR RELAYS

LED indicators work to a lower wattage than standard bulb-type indicators. To avoid rapid flashing it may be necessary to replace the existing relay with a specially designed LED relay with the correct wattage.

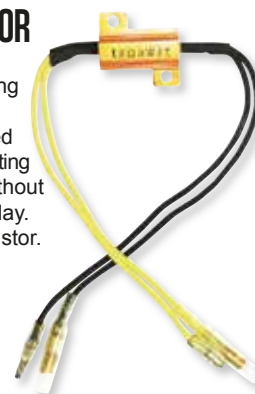

| Order Code | Description |
|------------|--------------------------------------------------------|
| WRELED01 | 2 pin, universal |
| WRELED02 | 3 pin, universal |
| WRELED03 | OEM, block type – fits most Honda, Kawasaki, Yamaha |
| WRELED05 | 7 pin Suzuki OEM block type, 12v |

LED INDICATOR RESISTOR

An easy alternative to installing an LED indicator relay, these resistors are simply connected in series to each indicator, creating correct indicator flash rate without needing to replace the OE relay. Each indicator requires 1 resistor. Sold individually.

BLIND SPOT MIRRORS

Convex wide angle mirror eliminates blind spots. Adjustable mirror fits different riding positions. Effectively increases viewing angles. Sold in Pairs.

Order Code: **MRUBLND**

HANDLEBAR MIRROR MOUNT

Universal fitting mount fits 25mm bars, includes additional inner sheath to make fitment to 22mm bars. 10mm mirror thread.

Order Code: **MRUMNT01**

UNIVERSAL FITTING MOUNT

Universal fitting mount fits 22mm bars. 10mm mirror thread.

Order Code: **MRUMNT04**

MIRROR EXTENDER

This mount offers 40mm horizontal and 27mm vertical extension. Available with 10mm standard and 10mm Yamaha thread fitment.

Order Code Thread
MRUMNT08 10mm Standard
MRUMNT12 10mm Yamaha

MIRROR ADAPTORS

Adaptors that allow fitment of different size mirror threads.

| Order Code | Description | Colour |
|--------------------|-------------|--------|
| MRUADAP810 | 8mm to 10mm | Alloy |
| MRUADAP810B | 8mm to 10mm | Black |
| MRUADAP108 | 10mm to 8mm | Alloy |
| MRUADAP108B | 10mm to 8mm | Black |

Left hand Yamaha mirrors have a standard clockwise thread, right hand Yamaha mirrors have a reversed anti-clockwise thread.

The right hand adaptors in these kits will allow a universal 10mm or 8mm standard thread mirror to be attached. It has a 10mm reverse thread at the base, and an internal 10mm or 8mm standard thread at the top.

The left hand adaptor in this kit simply raises the height of the left mirror to match the right hand.

| Order Code | Description |
|--------------------|----------------------------------------------------------------------------|
| MRYADAP1010 | Black kit allows 10mm standard thread mirrors to be mounted to Yamaha's - |
| MRYADAP10CH | Chrome kit allows 10mm standard thread mirrors to be mounted to Yamaha's - |
| MRYADAP810 | Conversion kit allows 8mm standard thread mirrors to be mounted to Yamahas |

BAR MOUNT ADAPTORS

B2B WEBSITE

www.bikeittrade.com

A totally revamped B2B website, specifically developed for our dealer network to simplify product selection, increase order efficiency and maximise sales.

With more than **15,000 SKU's** and **30 brands**, our new B2B website has been commissioned to make the full Bike It product range easily viewable and accessible to our customers, creating a resource which dealers can use daily to quickly identify product, build baskets and submit orders efficiently.

Product categorisation has been fully restructured and simplified between **ROAD** and **OFFROAD** products, also by **SERVICING PARTS** and **ACCESSORIES**, making navigation around the site simpler and more effective.

Utilising the new **NUMBER PLATE LOOKUP** and **VEHICLE SELECTION** functions, dealers can speedily find all products relevant to a specific motorcycle allowing them to prepare for scheduled workshop services and repairs. These functions can also be used to show visiting customers in-store all parts and accessories available from the Bike It range for specific motorcycles.

A new versatile SKU search facility enables dealers to quickly spot-check products by order code to find key information about Product Details, Cross Reference with OEM and alternative codes, plus motorcycle Model Fitment.

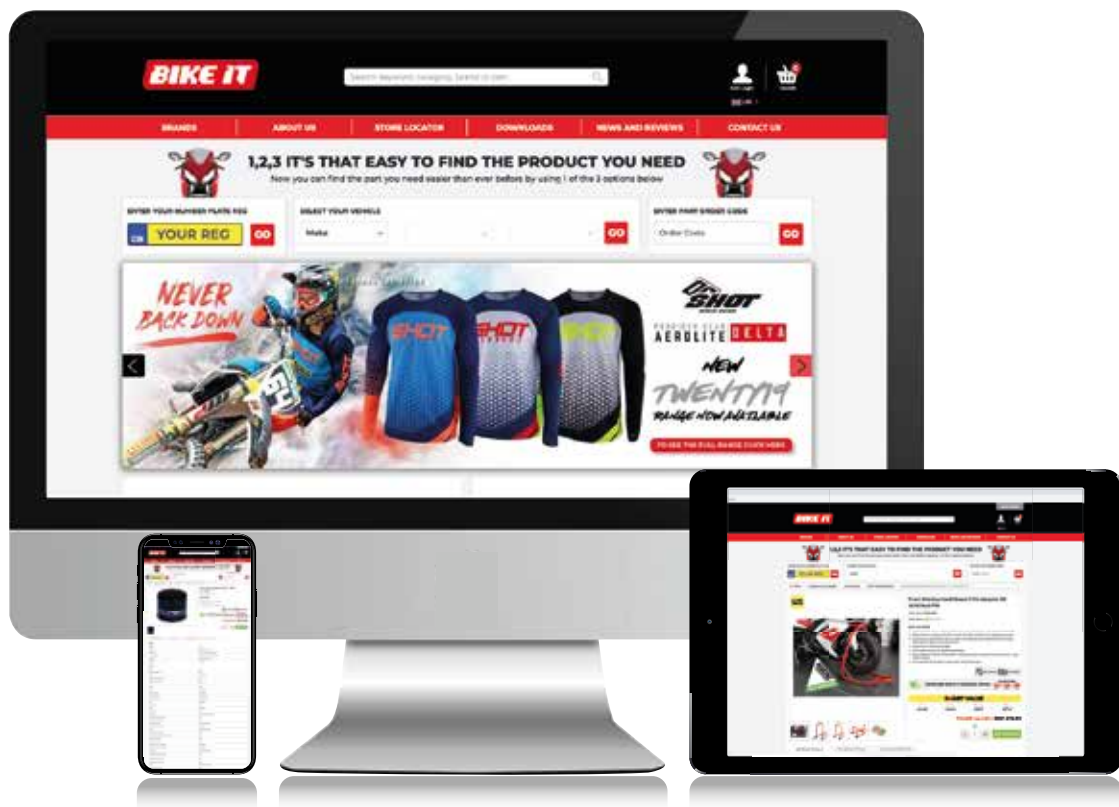

Whether using this function to check what a part in stock fits, confirming compatibility or cross-reference from OEM product, this SKU search ensures all required information is easily and readily at hand.

Newly implemented sales promotion functions will offer dealers the opportunities to access specific promotional products including Coupon Promotions and a dedicated SmartValue range.

These exclusive online promotions will be updated ongoing and enable dealers a fantastic opportunity to buy at the very best price.

With dedicated Downloads and News & Reviews areas our dealers can keep fully updated on new products and updates as they are released and access archives. Together with copies of news articles and reviews, brand partner news and race results from our sponsored race partners, this is a resource that dealers will find extremely useful.

Ask your Account Manager today for a presentation and demonstration...
