GP550S

RACE-READY

The eagerly anticipated GP550S is here, redefining performance levels on the track and road. Created and developed in the Airoh wind tunnel with expert race knowledge and extensively tested by top flight riders including the current MotoGP and WSBK support classes, GP550S delivers track performance without compromising comfort or practicality.

Innovative rear spoilers created in the wind tunnel provide optimum stability and aerodynamics at high speeds, the internal channelling creating effective air extraction for rider comfort.

3 shells sizes ensure optimum fitment for all head-shapes, crafted from HPC (High Performance Composite),

8-point air venting for optimal ventilation, removable Stop-Wind.

A.E.F.R (Airoh Emergency Fast Release) system for quick and safe removal of cheek pads in an emergency.

Tear-Off ready visor with Pinlock lens included, fully homologated with 50% light-smoke tint.

VALOR

RULEZ THE STREET

The starting point for race-inspired road helmets.

With strong, angular and aggressive lines, Valor represents the starting point for demanding motorcyclists searching for a race-inspired helmet.

The HRT (High Resistant Thermoplastic) shell is developed in two sizes to perfectly adapt to all head-shapes. Modelled on aerodynamics at speed, with graphics to emphasise dynamism and personality.

5-star SHARP rating, 8-zone integrated ventilation system, Pinlock Ready extra-wide visor, hypoallergenic liners and removable Stop-Wind compliment this value-packed model.

REV - REINVENTED

With Airoh's REV19 you're always ready, a stylish 'flip-up' helmet that combines full-face and open-face versatility in a dynamic and contemporary design performing in all riding conditions and delivering every safety and comfort requirement.

This 2-in-1 thermoplastic model marries the best aspects of both helmets with extra-wide visor for improved peripheral vision, integrated Sun Screen, Pinlock lens included, removable Stop-Wind and option to connect Bluetooth communications.

The versatility of the REV19 is guaranteed by the patented 180 degree chin-guard rotation system and the double P/J certification to simply and safely switch from full-face to open-face modes.

Pinlock is well known for its patented anti-fog technology in the global market.

PINLOCK 70

The Pinlock 70 insert lens is enhanced with stronger fog resistant properties that increase the fog free endurance of the lens.

All Pinlock 70 insert lenses are made in a custom fit design, that ensures better fog resistance coverage.
